THANK YOU for contacting Kids First with your childcare needs. We hope the referrals were helpful; keep in mind that we don't recommend one childcare provider over another. Please note that all the providers listed above are licensed by the Colorado Division of Childcare, but it is up to you as a parent to choose the appropriate provider for your child. We encourage you to take time in choosing high quality care that will suit you and your child best. Visit several centers and homes and be sure to ask plenty of questions. Once you have chosen care, visit the home or center to be sure that it is meeting the needs of your child and family. The Colorado Division of Childcare in Denver keeps files of all licensed providers, including complaints and violations. These files are open to the public and you may review them by calling 1-800-799-5876 to request a copy of the files or you can visit website <http://www.colorado.gov>. If you have any further questions, please feel free to contact Kids First at 970-920-5363.
