

## Memorandum of Policy

### Building Codes

**From:** Mike Metheny

**Date:** November 12, 2018

**Revised:** Mike Metheny

**Date:** November 12, 2018

**Subject:** Roofing and Re-roofing

A roofing permit is required for all re-roofing projects in The City of Aspen. The Roof Assembly sections of the currently adopted codes contain the applicable provisions for re-roofing. Roof work involving changes to height, slope, footprint, structural framing, or insulation will require a building permit.

The re-roof and roofing permit fee is established in the currently adopted building department fee schedule. Mid-roof and final inspection is required for all roofing permits and for building permits when a new roof is installed.
