

# BACKFLOW PREVENTION

- ✓ Required by state and federal law
- ✓ Required by state and federal law to be tested annually
- ✓ Keeps drinking water clean and safe for you and your neighbors

## Cross-Connection

An actual or potential connection between a potable water supply and any non-potable substance or source.

## Backflow

The undesirable reversal of flow of water or mixtures of water and other liquids, gases, or other substances into the City's water system.

## Backflow Prevention Assembly

Any approved assembly used to prevent backflow into a potable water system.

### COMMON CROSS-CONNECTION EXAMPLES

These common household and commercial connections to the public water system pose a threat to our clean water if not protected by the appropriate Backflow Prevention Assembly.

-  Irrigation Systems
-  Fire Sprinkler Systems
-  Hose Bibs
