

ENGINEERING POLICY: 2023-01

Sound Barricade Design

Date: January 13, 2023

Sound Barricades and construction fencing greater than 12' in height are required to submit an engineered stamped design that shows the barricades meet the Climactic and geographical design criteria Table R301.2 (1) as amended and Wind speed/exposure - 89/B. Inspection of construction fencing is required every six months and inspection reports shall be submitted to the COA Engineering Dept.
