INTRODUCTORY SECTION

CITY OF ASPEN
FINANCE DEPARTMENT
130 SOUTH GALENA STREET
ASPEN, COLORADO 81611

June 28, 2022

To the Honorable Mayor, Members of the City Council, City Manager and Citizens of the City of Aspen:

I am pleased to present the Annual Comprehensive Financial Reporting (ACFR) for the City of Aspen (the "City") for the year ended December 31, 2021. The City Charter, in conjunction with State law, requires a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) to be published at the close of each fiscal year and audited in accordance with generally accepted auditing standards by a firm of certified public accountants. This Annual Comprehensive Financial Reporting is hereby issued and submitted to you in accordance with these requirements.

This report consists of management's representations concerning the finances of the City of Aspen. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management has established an internal control framework that is designed to both protect the assets of the City from loss, theft, or misuse and to allow for the compiling of sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's internal control procedures have been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. To the best of management's knowledge and belief, this financial report is complete and reliable in all material respects.

McMahan and Associates, L.L.C., a firm of certified public accountants, performed the annually required independent audit of the City's annual financial report. This independent audit provides reasonable assurance that the financial statements of the City of Aspen for the fiscal year ended December 31, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Aspen's financial statements for the fiscal year ended December 31, 2021, are fairly presented in conformity with GAAP. The independent auditor's report is presented on page A1 & A2 in the financial section of this report.

Generally accepted accounting principles require that management provides a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The City of Aspen's MD&A can be found immediately following the report of the independent auditors. This letter of transmittal and the MD&A are designed to complement each other and should be read in that context.

Profile of City of Aspen Government

The City of Aspen was incorporated in 1879 under provisions of the Constitution of Colorado. On January 1, 1972, the City became a Colorado home rule city. The City is located in central Colorado, situated within the Rocky Mountains, approximately 205 miles west of Denver, encompassing approximately four-square miles and is the county seat of Pitkin County. The estimated current population of the City is 7,401. Aspen is an international destination resort community and the local population increases significantly during peak ski and summer vacation seasons with both seasonal residents and visitors.

The City has all the powers granted to municipal corporations and to cities by the constitution and general laws of the State of Colorado, including the power to acquire property within or outside its corporate limits for any City purpose, to sell, lease, mortgage, hold, manage, and control such property as its interests may require, except as prohibited by the state constitution or the City Charter.

Policy-making and legislative authority are vested in a City Council consisting of five members one of which is a separately elected Mayor. The Council is responsible, among other things, for passing ordinances, adopting the budget, appointing boards and commissions, and hiring the City Manager, City Attorney, and Municipal Judge. The City Manager is responsible for carrying out the policies and ordinances of the Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the various departments. The Council is elected on a non-partisan basis. Council members serve four-year staggered terms, with two council members elected every two years. The Mayor's term is two years. All Council positions are elected on a city-wide basis.

While the City Council exercises the legislative power of the City, other City officials oversee the daily operation of the City. Aspen is a Council-Manager form of City government and provides full-service municipal services. As noted above, the City Council appoints the City Manager and City Attorney, both of whom serve at the pleasure of the Council. The Council also ratifies the appointment of the Finance Director and City Clerk, as required by the City Charter.

The City has approximately 319 full-time equivalent employees. General Government Services provided include police, parks and recreation, parking and transportation, environmental health and protection, community development and planning, financial management, information technology, street maintenance, capital project management, and engineering. In addition to general government services, the City operates the Wheeler Opera House, a historic opera house originally constructed in the 1890's – it was purchased and refurbished by the City in the 1980's. The Wheeler today is host to musical and artistic presentations from local and internationally acclaimed actors and entertainers. The City provides deed restricted workforce housing for some of its employees as well as workers for other organizations within the Aspen area. The City also provides support, training, and funding to local childcare providers through its "Kids First" program, operates a municipal golf course, and provides water and electric utility services, generating 100% of its power from renewable energy. Fire protection, sanitary sewerage, public schools, and medical services are provided to City residents by a variety of public and private entities depending on property location.

Financial Management and Factors Affecting Financial Condition

2021 financials reflect a large increase in net position for the City. The governmental activity revenues increased \$21,621,275 or 21.5%. This increase was due to many factors such as increased sales and lodging tax collections that corresponded with increased tourism following the muted 2020 travel environment tied to COVID restrictions. The City's sales and lodging tax collections grew 8.9% over 2020 collections and were coupled by record real estate transfer taxes, which increased just shy of 20% over an already strong 2020 year, and resulted from aggressive purchasing of local real estate.

The business activities revenues increased \$3,806,885 or 12.2%. The majority of the increase was due to temporary suspension of parking fees during the pandemic in 2020, increased utility fees tied to the cost of service that was passed on to customers, and the sale of City-owned housing units out of inventory.

Overall, the City's government-wide net position increased by 14% from 2020. Complete information regarding the City's overall financial condition and changes in net position, can be found in the Management's Discussion and Analysis, found on page B1 of this report.

From a financial management standpoint, the City has implemented strong controls, both in the areas of internal controls and budgetary controls. The City's reliance on consumption-based tax revenues for ongoing operations requires recognition that contraction of the local retail or real estate economy will result in a decrease in revenues to support operations. These controls create an environment that permits the City to adapt to changes in revenue forecasts, modifying spending plans accordingly.

The Finance Director oversees a set of city-wide internal controls that provide reasonable assurances that financial activity transacted by and among City departments is managed in a way that results in complete, accurate, and timely accounting for all financial transactions. All bank statements and accounts are closed and reconciled, and the City's internal controls are demonstrated through the Finance Department's monthly presentation of its financial condition, which documents the condition of each fund of City.

The objective of the City's budgetary controls is twofold: to ensure compliance with legal provisions embodied in the annually appropriated budget approved by the City Council and to provide funding allocations to City departments sufficient to permit them to effectively and efficiently deliver services to their customers, the citizens, and Aspen visitors.

Activities of the general fund, special revenue funds, debt service fund, capital project fund, business-type funds, and internal service funds are included in the annually appropriated budget resolution. Appropriations for all funds lapse at year end. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the individual fund level. Even though the budget enacted by the City Council is at the fund level, the City prepares a program-based budget by department for control at the departmental level, typically referred to as each department's "bottom line" operating budget. Department heads have the authority to reallocate the distribution of budget amounts within and among programs within their department as necessary to accomplish priority goals and achieve their departmental mission. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts are not an actual use of appropriations. Therefore, open encumbrances at year-end for which the expenditure has not yet occurred are canceled.

The City utilizes a fund balance policy as another form of budgetary control. This policy ensures sufficient cash is on hand (typically 60 to 90 days of annual appropriations) to cover all current cash flow and budgetary requirements, and sets targets for fund balances sufficient to permit the City to absorb an economic downturn without having to significantly reduce services or ask Aspen's citizens for emergency funding to cover the cost of necessary operating costs.

As noted above, budget-to-actual comparisons are provided in this report for each major individual governmental fund for which an appropriated annual budget has been adopted.

Long-term Financial Planning

Financial plans for each major City fund assume conservative and reasonable growth rates for revenues, based upon historical experience and current economic conditions. Additionally, pragmatic expenditure estimates that account for increasing cost pressures to commodities and service sectors of the economy, and the reality of increasing health care and wage costs for City employees, are also projected to provide reasonable trend analysis on reserves into the seeable future. The projections are done for the next ten year period for internal management review and are published for external consumption with the next five year period shown.

Conservative budgets are in place to ensure sufficient reserves and in the case of another shift in the economy. Please see the Management Discussion and Analysis for more complete information regarding the City's multi-year financial planning process and the predicted future financial condition of all budgeted funds.

Compliance with the Taxpayer Bill of Rights

The Colorado Constitutional Amendment passed in November 1992 known as TABOR (Taxpayer Bill of Rights), restricts growth in governmental revenues and property tax revenues to amounts adjusted for inflation and a local growth factor. The City received voter approval for permanent exemption from TABOR revenue limits for all non-property tax revenue sources in 1993. The City has applied a mill levy credit for years where the increase in property tax revenue would have exceeded the TABOR limit.

Major Initiatives and Accomplishments

The City moved into its new City Hall and adjacent Rio Grande administrative building in Fall 2021 and completed a near decade-long discussion and project that will benefit staff and the Community for the future. This multi-year outreach, design and construction effort now houses many departments that were previously scattered about town in leased and other City-owned spaces and includes new meeting spaces for City Council and the public to enjoy.

The City wrapped up the last of the three affordable housing projects that were part of a public private partnership effort, adding the last 24 units at 488 Castle Creek Rd. to this nearly 50 unit, three site project. All units have been leased and the new operator for the management of these properties is up and running. With the completion of this project, City staff has shifted its efforts to complete the last phase (Phase 3) of the Burlingame site and is working through public input and Council feedback around the next large affordable housing development that will consume the parcels owned by the City at the airport business center.

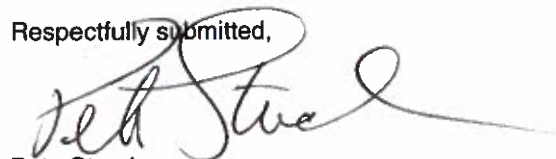

Lastly, as the City leveraged the tail end of the pandemic and reduced tourism period to complete some much needed building improvement work at the historic Wheeler Opera House. This project was significant in that it required full scaffolding around two sides of the public facing, three story facades and for masonry crews to re-point the bricks that had to be color matched and hand cut to fit the existing aesthetics of that Community asset. This project required partnership with the existing patrons in the commercial spaces of the building and ultimately was a great success despite the challenging environment during which it took place.

Awards and Acknowledgements

The timely preparation of this report was accomplished through the efficient and dedicated services of the entire City of Aspen Finance Department staff. I would like to express my appreciation of all members of the Department who assisted and contributed to its preparation. It should be noted that staff from other departments provide great assistance in the preparation of the report and their work is also appreciated. On behalf of the administration, I would also like to thank the Mayor and City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

The City's external auditors, McMahan and Associates, L.L.C., are also commended for their comprehensive and efficient examination of the various funds of the City for the fiscal year ended December 31, 2021.

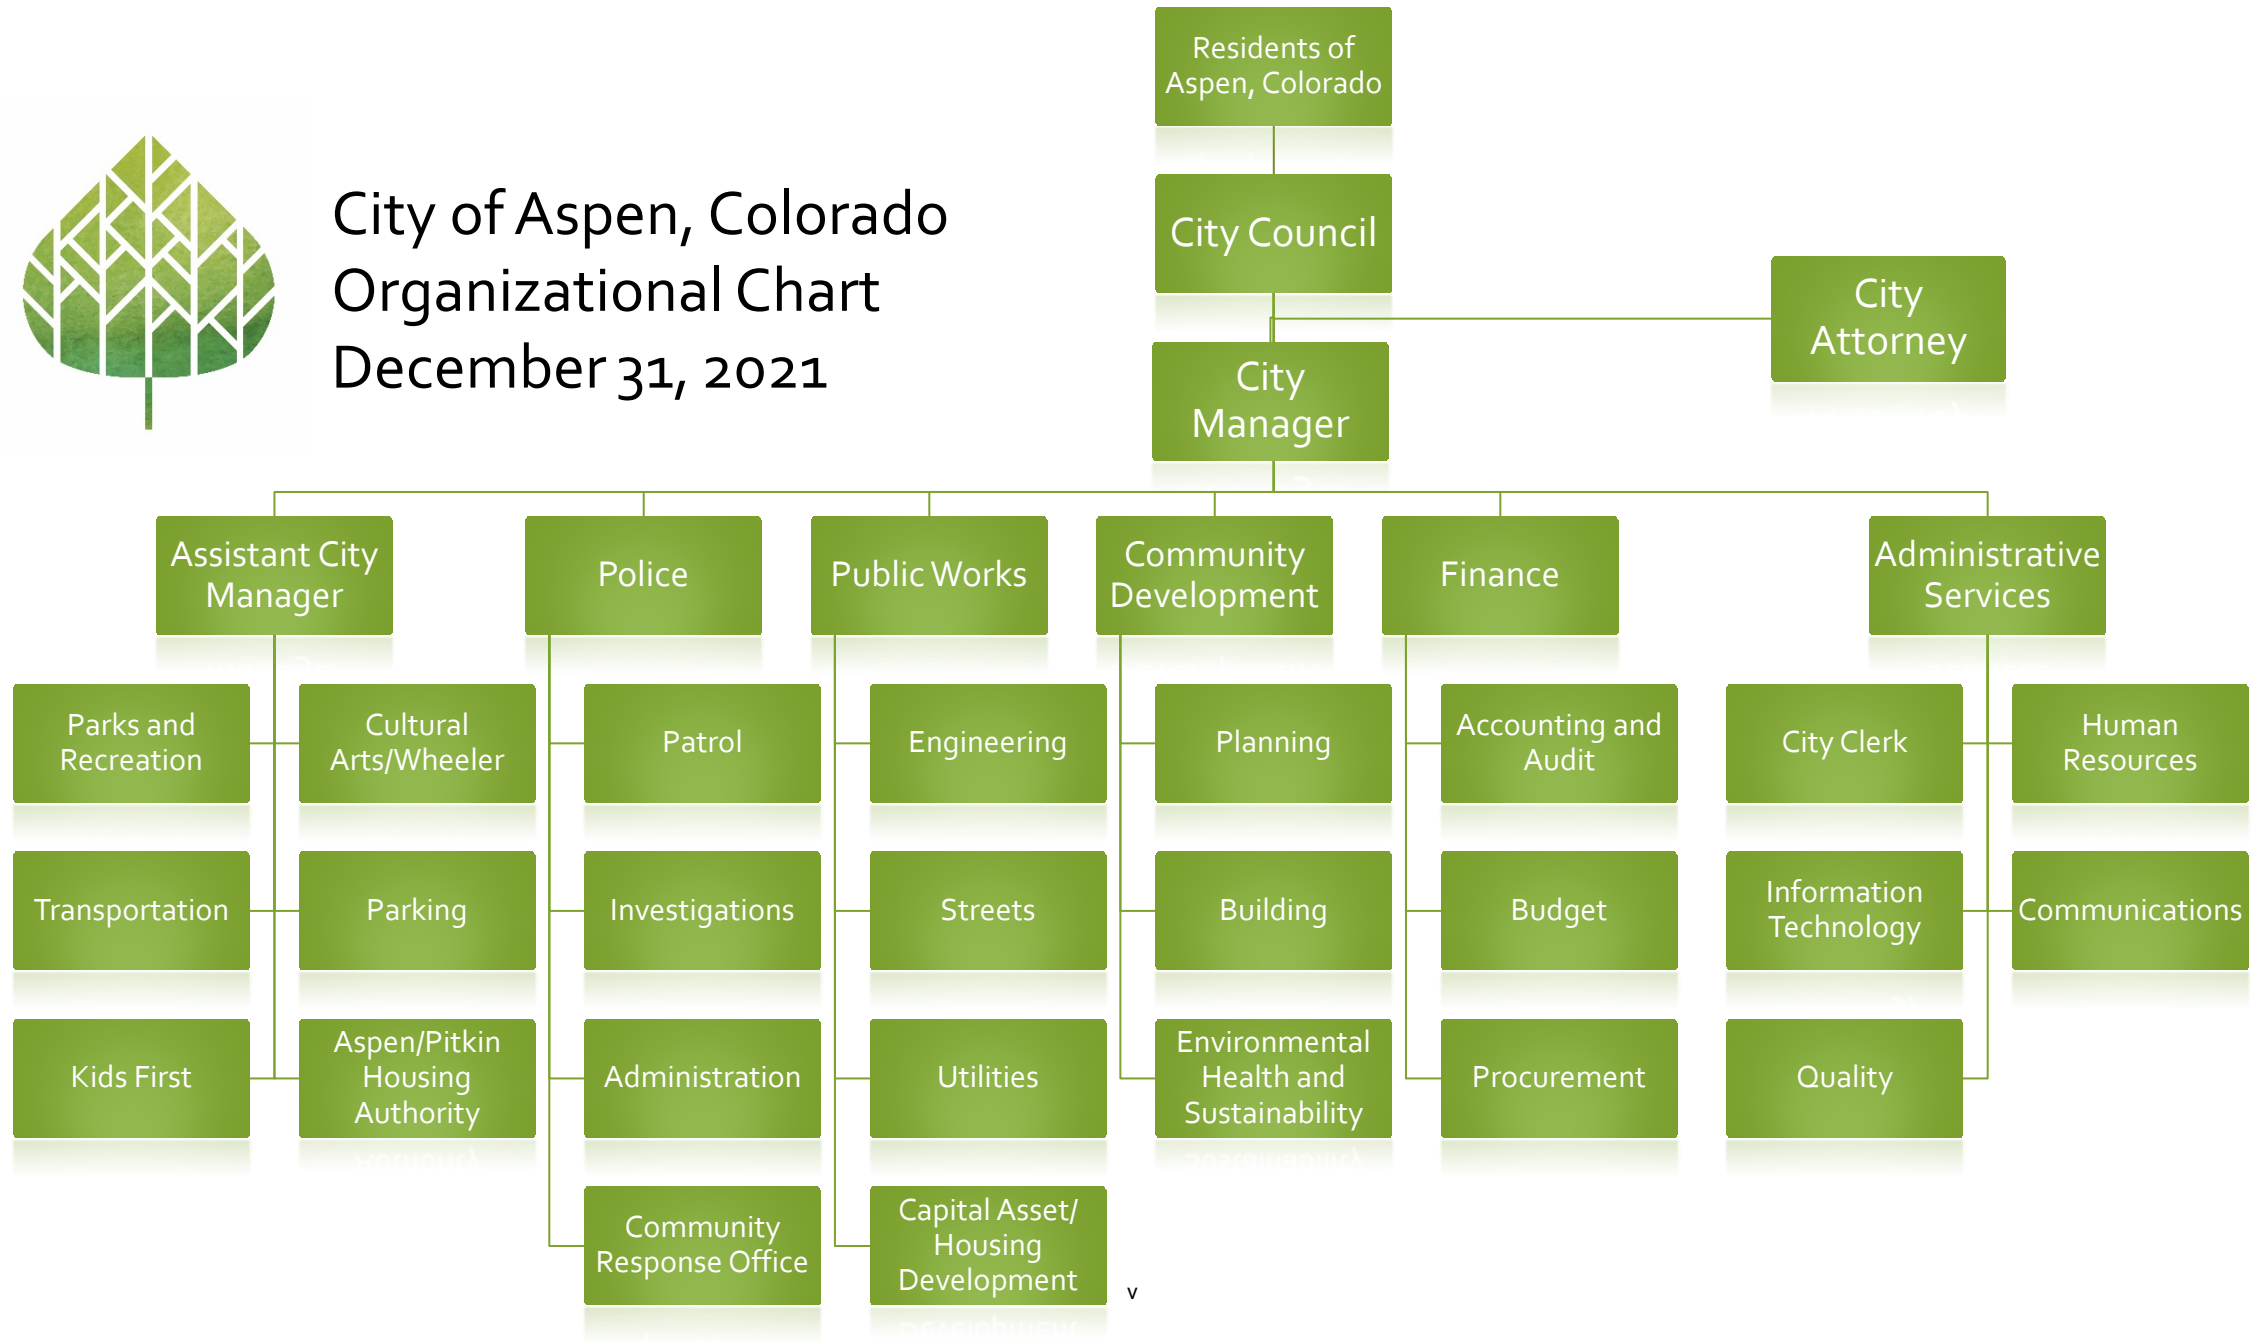

Respectfully submitted,

A handwritten signature in dark ink, appearing to read 'Pete Strecker', with a long, sweeping horizontal line extending to the right.

INDEPENDENT AUDITOR'S REPORT

**To the Honorable Mayor and City Council
City of Aspen, Colorado**

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Aspen, Colorado, Colorado (the "City"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of Aspen, Colorado, Colorado as of December 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for one year after the date that the financial statements are issued.

INDEPENDENT AUDITOR'S REPORT
The Honorable Mayor and City Council
City of Aspen, Colorado

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

U.S. GAAP require that Management's Discussion and Analysis in Section B and budgetary comparison information in Section E be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

INDEPENDENT AUDITOR'S REPORT
The Honorable Mayor and City Council
City of Aspen, Colorado

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining fund financial statements, individual fund budgetary information, and the Local Highway Finance Report listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining fund financial statements, individual fund budgetary information, and the Local Highway Finance Report listed in the accompanying table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. GAAS. In our opinion, the introductory section, combining fund financial statements, individual fund budgetary information, the Local Highway Finance Report, and the statistical section listed in the accompanying table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION AND ANAYLYSIS

City of Aspen, Colorado

Management's Discussion and Analysis

December 31, 2021

As management of the City of Aspen (the “City”), we offer readers of the City’s financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2021.

Overview of the Financial Statements: This discussion and analysis is intended to serve as an introduction to the City’s Annual Comprehensive Financial Report (ACFR). The discussion and analysis is comprised of six components:

- 1) Government-wide Financial Statements,
- 2) Fund Financial Statements,
- 3) Notes to the Financial Statements,
- 4) Statistical Section,
- 5) Government-wide Financial Analysis,
- 6) Fund Financial Analysis

This report also provides an analysis of the City’s financial condition, how that condition has changed over the past 12 months, and how that condition is forecasted to change in coming years.

1. Government-wide Financial Statements: Found on pages C1 and C2 of this report, the government-wide financial statements are designed to provide readers with an executive summary level overview of the City’s finances. These statements divide the City’s financial activity into two broad categories; governmental and business-type or “enterprise” activities.

Governmental Activities: These are functions of the City that are principally supported by taxes and intergovernmental revenues. These activities are divided into five broad categories of service provision. The following chart provides a listing of City departments that comprise each of these broad categories of service delivery:

<u>Category</u>	<u>Departments</u>
<u>General government:</u>	City Council, City Manager, Human Resources (including Risk Management), City Clerk, City Attorney, Finance, Asset Management, Community Development & Building Inspection, Information Technology, Geographic Information Services, and Transportation
<u>Public health and welfare:</u>	Affordable Housing Departments, Kids First and Childcare, and Environmental Health
<u>Public safety:</u>	Police Department, Public Safety Records Department, and Public Safety Communications Department
<u>Public works:</u>	Engineering Department, Streets Department, and Stormwater Department
<u>Culture and Recreation services:</u>	Parks Department, Special Events and Marketing, Recreation Department, Aspen Recreation Center, Ice Garden Operations, and Arts and Culture Operations

Business-type Activities: The business-type activities of the City include water and electric utility operations (including hydroelectric power generation), parking operations and services, municipal golf operations, ditch water and certain affordable housing operations and services. Business-type activities are reported on page C2 by these service categories.

The City’s expense budget is organized using this same structure.

Burlingame Housing, Inc. is presented in the Government-wide Financial Statements as a discretely presented component unit of the City.

The **Government-wide Statement of Net Position** (page C1) presents information on all of the City’s assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. The first and second columns of this statement provide separate reporting of governmental and business type assets, deferred outflows of resources, liabilities and deferred inflows of resources and calculate an ending net position by activity type. The third column provides a combined total of both governmental and business type categories. Over time, increases or decreases in net position may serve as a useful indicator of the City’s changing financial condition.

The **Government-wide Statement of Activities** (page C2) presents information showing how the City of Aspen’s governmental and business type net position changed, both by category of service and in total, during 2021. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes).

2. Fund Financial Statements: A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds: The City’s governmental funds account on a fund by fund basis for the same functions reported collectively as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, which evaluate the overall net position of the City’s governmental activities, the governmental fund financial statements disclose annual changes in the net position of individual funds. This disclosure may be useful in evaluating the fiscal condition of individual funds, and the government’s near-term financing requirements based upon this disclosure of individual fund financial condition.

These funds are divided into two categories, “major” and “nonmajor,” based upon total asset size, among other factors.

The City’s major governmental funds and the location of their individual Statement of Revenues, Expenditures, and Changes in Fund Balances are as follows:

Fund Name:	Page Location in ACFR
General Fund.....	Page C7
Arts and Culture Fund.....	Page C8
Affordable Housing Fund.....	Page C9
Parks and Open Space Fund.....	Page C10
Transportation Fund.....	Page C11
Asset Management Plan Fund.....	Page E10

The City also reports the following nonmajor governmental funds, found on the following pages:

Tourism/Regional Transportation Fund.....	Page E3
Aspen Public Education Revenue Fund.....	Page E4
Renewable Energy Mitigation Program Fund.....	Page E5
Kids First/Daycare Fund.....	Page E6
Stormwater Fund.....	Page E7
Aspen Mini Storage Fund.....	Page E8
Debt Service Fund.....	Page E9

Combining statements of revenues, expenditures, and changes in fund balance, which summarize individual fund activity and provide an annual total for each of these funds types, can be found on pages C5 for all governmental funds and E2 for nonmajor governmental funds.

A balance sheet for all major and nonmajor governmental funds is provided on page C3. Page E1 provides a combining balance sheet for nonmajor governmental funds only. The balance sheet provides additional information regarding the financial condition of each individual fund and the City’s government-wide financial condition by providing a summary accounting of assets and liabilities by the fund, and by providing a detail of restricted and unrestricted fund balances. The balance sheet and the statement of revenues, expenditures, and changes in fund balances are reconciled to each other to facilitate the readers’ comparison of the fiscal condition for individual governmental funds and the City’s overall fiscal condition.

Compliance with Budget adoption requirements: The City adopts an annual budget for all governmental funds, and amends that budget from time to time throughout the fiscal year. Each individual fund statement of revenues, expenditures, and changes in fund balance includes an “original” and “final” budgetary comparison column. These columns reconcile to the City Council’s adopted budget resolutions for the fiscal year and demonstrate compliance with City Charter budgeting requirements and Colorado state budget statutes.

The basic major governmental fund financial statements, which provide a summary accounting of all of the City’s governmental funds, can be found on pages C3 through C6.

“Business-type” Funds: The City maintains business-type funds commonly known as enterprise funds or proprietary funds. The City maintains three internal service funds, which are individually treated as business-type funds. The proprietary fund statements are used to report the same functions presented as business-type activities in the government-wide financial statements, excluding the internal service funds. The City uses proprietary funds to account for its water, electric, parking, golf, water rights and affordable workforce housing operations.

Business-type fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. While the government wide financial statements provide summary information for all governmental services combined, the proprietary fund financial statements provide separate information for each of the business-type services provided by the City. The City’s proprietary funds include:

Fund Name:	Page Location in ACFR
Water Enterprise Fund.....	Page F4
Electric Enterprise Fund.....	Page F5
Parking Enterprise Fund.....	Page F6
ACI Affordable 1 LLLP.....	Page F7
Truscott Place Housing Enterprise Fund.....	Page F8
Golf Course Enterprise Fund.....	Page F9
Marolt Ranch Housing Enterprise Fund.....	Page F10
Si Johnson Ditch Company, Inc.....	Page F11
Health Insurance Internal Service Fund.....	Page G4
Employee Housing Internal Service Fund.....	Page G5
Information Technologies Internal Service Fund.....	Page G6

The internal service funds are eliminated at the government-wide level, with their assets and liabilities consolidated into governmental activities, where the majority of their services are provided.

The proprietary fund Combining Balance Sheet and Combining Statement of Revenues, Expenses, and Changes in Fund Balance, and Statement of Cash Flows are found on pages C12 through C14 of this report.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City’s own programs. As such, these funds have no operations and no adopted budget. The accounting used for fiduciary funds is much like that used for proprietary funds. The fiduciary funds used by the City are the Police Seizure Fund, the Deposits Agency Fund and the Aspen Pitkin County Housing Authority Funds.

The basic fiduciary fund financial statements can be found on pages C15 and C16 of this report.

3. Notes to the Financial Statements: The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found in section D of this report.

4. Statistical Section: This section of the report provides a historical analysis of key financial and demographic statistics regarding the City of Aspen’s operations as well as the community in general. This information helps to place the annual financial disclosure and reporting into context with the community’s population and economic makeup by providing information regarding overlapping taxing jurisdictions, major employers, and broad economic and financial trends.

5. Government-wide Financial Analysis: This section provides an analysis of the City’s current financial condition, how that condition changed over the 2021 fiscal year, and how it is projected to change in coming years.

The following chart provides a comparison of government and business-type assets, liabilities, and net position for December 31, 2021 and 2020.

City of Aspen's Net Position

Restricted	3,537,421	3,356,264	-	-	3,537,421	3,356,264
Unrestricted	244,833,849	240,878,311	27,504,380	21,954,150	272,338,229	262,832,461
Total Net Position	\$ 444,945,556	\$ 388,292,966	\$ 77,018,966	\$ 70,072,577	\$ 521,964,522	\$ 458,365,543

At the end of the 2021 fiscal year, the City reported an increase in total net position from the prior year. Overall, change in net position can be summarized by the following chart:

City of Aspen - Change in Net Position				
Asset Type	2021	2020 (as restated)	Change	Change %
Governmental	\$444,945,556	\$388,292,966	\$ 56,652,590	14.6%
Business-type	77,018,966	70,072,577	6,946,389	9.9%
Total	\$521,964,522	\$458,365,543	\$ 63,598,979	13.9%

The City's government-wide net position increased \$63,598,979 or 13.9% between January 1, 2021 and December 31, 2021. Strong tax receipts following the muted 2020 tourism environment have been identified as the largest contributing factor for this substantial increase in financial standing.

Within that annual total, governmental net position increased by \$56,652,590 or 14.6%. A number of factors contributed to the change in governmental net position as discussed further in the Financial Analysis of the City's Funds section of this report.

Business-type net position increased \$6,946,389 or 9.9%. Parking revenue was significantly up in 2021 following the reinstated enforcement within the commercial core and public garage space and pushed revenues well above budgeted uses. Utility fees were also adopted with planned increases to mirror the cost of service and where, in the Water Utility's case, further supplemented by water restriction / drought pricing.

Traditionally, the largest portion of any municipality's investments is in its capital assets. Land, buildings, infrastructure, equipment, machinery, and specialized tools are necessary in order to deliver and/or provide services to the City's residents and visitors. The City's net investment in capital assets account for 47.1% or \$246,088,872, of its total net position of \$521,964,522 as of December 31, 2021; these assets are not an available source for payment of future spending.

Of the City's \$521,964,522 net position, \$3,365,000 is restricted for TABOR Emergency and \$172,421 is restricted for community enhancement.

The following chart provides an analysis of changes in net position from the end of fiscal year 2020 to the end of fiscal year 2021. Revenues and expenses across all governmental and business type activities are disclosed in summary format, providing a general evaluation of revenue and expense activity resulting in a 13.9% increase in net position over the 12 months comprising fiscal year 2021. These activities are analyzed here by activity type:

CITY OF ASPEN, COLORADO
SUMMARY OF ACTIVITIES - DECEMBER 31, 2021 AND 2020

Governmental Activities Revenues and Expenditures: Overall, there was a large increase in net position for governmental activities of \$56,652,590. This increase is a result of multiple factors.

Revenues from governmental activities increased \$21,621,275, or 21.5%. Of this total increase, \$10.5 million was reflective of increased sales and lodging tax collections that correspond to increased tourism following the muted 2020 travel environment tied to COVID restrictions and another \$5.3 million related to real estate transfer taxes that resulted from aggressive purchasing of local real estate. Additionally, and tied to new interest in personal property ownership, fees for residential and commercial development / construction jumped significantly in 2021, by \$5.5 million. The remaining growth in revenues can largely be tied back to \$2.8 million as a one-time benefit of the City banking its allocation of annual 0.4% roaring fork regional transportation sales tax receipts into fund balance as federal CARES Act resources provided for the majority of costs tied to City no fare bus routes.

Offsetting some of this growth, investment income fell significantly between fiscal years, with existing City investments maturing during this period of depressed interest rate environments and limited options for reinvestment. This accounted for roughly \$4.3 million less in investment earnings between years.

Expenditures from governmental activities increased from \$63,395,150 to \$70,360,034, an increase of \$6,964,884 or 11.0%. The vast majority of expenditure growth occurred in the public health and welfare efforts of the City, focused on the creation of new affordable housing as the final phase of the Burlingame site is developed.

Business Activities Revenues and Expenses: Revenues from business activities increased by \$3,806,885 or 12.2%. The majority of this increase in collections relates to the return of parking fees that were temporarily suspended during the pandemic in 2020, increased utility fees tied to the cost of service that was passed on to customers, and the sale of City-owned housing units out of inventory.

Expenses from business activities were \$356,172 higher than in 2020, or 1.6%. This nominal change is customary as part of routine fluctuation in annual operations of these businesses.

The City's business-type activity funds are charged their share of overall general governmental costs. The reimbursement of these costs from business-type activities to the General Fund provides for the appropriate allocation of the cost of administrative and other support services among all City of Aspen operating units. A detailed listing of 2021 interfund transfers can be found on page D21 of this report (Note IV, E).

Financial Analysis of the City's Funds

As mentioned earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the City's governmental fund statements is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of 2021, the City's governmental funds reported combined ending fund balances of \$209,532,800, an increase of 6.0% from the 2020 year end combined fund balances.

The graph below provides a view of the City's ending governmental fund balances by fund type.

The General Fund ended 2021 with a fund balance of \$31,434,679, an increase of \$6,298,800 from the 2020 fund balance of \$25,135,879. The change in fund balance was driven largely in part by increased collections in the City's share of the County sales tax, equal to \$3.2 million, increased fees within the Community Development Department for building permitting of roughly \$1 million, and the return recreation patronage that increased visitor fees by another \$800,000.

The Arts and Culture Fund ended 2021 with a fund balance of \$45,660,037, an increase of \$6,383,966 from the beginning of the year. Strong interest in ownership of Aspen real estate drove up 2021 dedicated transfer tax receipts up to record setting levels and increased the already robust fund balance further.

The Affordable Housing Fund ended the year with a fund balance of \$52,685,243, a decrease of \$2,362,347. While the same elevated real estate transaction activity drove up dedicated tax receipts to this fund, unlike the Arts and Culture Fund, the Affordable Housing Fund had an aggressive capital outlay scheduled in 2020 with the advancement of the Burlingame Phase 3 affordable housing project. This capital spend consumed annual collections and dipped into existing fund balance as the project continues.

The Parks and Open Space Fund ended 2021 with a fund balance of \$12,695,848, experiencing an increase of \$3,818,781 from the 2020 fund balance of \$8,877,067. This increased balance is the result of tax receipts exceeding conservative budgeted projections, coupled with dampened expenditure growth through the annual spending plan which developed when uncertainty existed around the pace of recovery for the tourism industry.

The Transportation Fund ended 2021 with a fund balance of \$18,431,014, an increase of \$7,951,806 over the 2020 ending fund balance of \$10,479,208. More than half of this increase was the result of federal CARES funding supplementing the resources for the City's no fare bus service, resulting in the City receiving the majority of its share of the regional transit tax back from the Roaring Fork Transit Authority (as its vendor for these services) and to be held in City coffers for future transit needs. Other taxing sources from a dedicated sales tax and realization of use tax deposits held also contributed to further revenue growth and ultimately to fund balance.

The Asset Management fund ended 2021 with a fund balance of \$33,857,983. This was a decrease of \$11,429,569 and reflects the capital outlay associated with the completion of new City Hall and the application of debt proceeds tied to that project.

The City's primary funding source for non-General Fund governmental activities is its 2.1% local sales tax. The next chart represents total City sales tax collections over the last five years.

From 2017 through 2021 the City's sales tax collections increased an average of 8.2% per year.

The City's local sales tax rate of 2.1% provides for the following services (effective year) and activities:

Parks and Open Space Acquisition and Development (1970):	1.00%
Parks and Open Space Acquisition and Development (2001):	0.50%
Affordable Housing Development & Daycare (1990):	0.45%
Transportation City Route Operations, Capital Replacement, & Improvement (2009):	0.15%
Total City Sales Tax Rate:	<u>2.10%</u>

The City is also a conduit for collecting a 0.30% sales tax solely for educational purposes for the benefit of the Aspen School District No.1(RE). Education sales tax collections were \$3,079,155 in 2021. Currently, this voter approved tax continues through December 31, 2026.

Annual revenue from the City's local sales tax grew in 2021 in comparison to 2020. Additionally, the City receives a portion of a County-wide sales tax. This tax is collected by Pitkin County and is distributed to entities within the County on the basis of an intergovernmental agreement. Funds from this tax source are used to support General Fund operations of the City. In 2021, this revenue source generated \$15,009,721, an increase of 26.7% over 2020 collections of \$11,844,013 (see page C7).

Proprietary (Enterprise) Funds: The City's proprietary fund statements provide the same type of information found in the government-wide financial statements.

The City's proprietary funds ended 2021 with a net position of \$77,018,966, an increase of \$6,946,389 or 9.9% in proprietary net position from the January 1, 2021 total of \$70,072,577. Please see the Statement of Revenues, Expenses, and Changes in Net Position on page C13 of this document.

The City's largest proprietary operation, the Water Fund, ended 2021 with a \$33,489,071 net position, an increase of \$4,244,694 or 14.5% in net position compared to prior year balance of \$29,244,377. Revenue receipts exceeding annual operating and capital outlay by roughly \$2.3 million are the largest driver of this increase.

The Electric Fund ended 2021 with a net position of \$12,954,133, an increase of \$2,136,643 or 19.8% from 2020's net position of \$10,817,490. The change in net position predominately reflects the variance in revenue receipts relative to annual expenditures for the year.

The Parking Fund ended 2021 with a net position of \$6,902,186, an increase of \$866,934 from the beginning net position of \$6,035,252. This immaterial change is reflective of normal operations within the fund.

The ACI Affordable 1 LLLP Fund ended 2021 with a net position of \$3,430,012, a decrease of \$394,206 from the beginning net position of \$3,824,218. The change in fund balance was due to normal fund activities and was minimal for 2021.

Internal Service Funds: The City of Aspen operates three internal service funds: Health Insurance Fund, Employee Housing Fund, and Information Technology Fund.

The Health Insurance Fund accounts for self-funding health insurance benefits for employees. This fund ended 2021 with a net position of \$3,828,497, an increase of \$539,882 from January 1, 2021. Claims volume subsided from elevated levels experienced in 2020 and did not consume the aggregate receipts from employee and employer premiums for the year.

The Employee Housing Fund accounts for sales transactions of City-owned housing units to City employees, as well as City owned employee rental housing. The fund ended 2021 with a net position of \$10,504,983, an increase of \$544,212 or 5.5%. The change in fund balance was due to normal fund activities and was minimal for 2021.

Internal Service Funds (continued):

The Information Technology Fund accounts for the costs incurred by individual departments and funds as serviced by the City's IT Department. For 2021, the net position increased by \$407,566, or 21.0% to \$2,350,939. While significant on a percentage basis, this change in fund balance is small in dollar value and reflective of ebbs and flows within normal operations.

General Government Budgetary Highlights: At the end of 2021, differences between the originally budgeted expenses and the final amended budgeted expenses city-wide were \$5,562,817 or 17.1% of the original budget. Increases in the Spring Supplemental adjustment included the re-appropriation of \$1.3 million in unused budget authority as part of the City's "savings" program; roughly \$700,000 for a partial restoration of employee compensation budgets that were excluded in the original spending plan as a cautionary action following the pandemic; another \$650,000 approximately in new requests that included four new full-time staff; and \$780,000 in roll-forward authority from 2020 that pertained to a variety of special projects and COVID related support for the community.

General Fund expenditures were less than the amended budget of \$38,079,867 by \$6,758,193. 2021 General Fund revenues totaled \$39,809,754, or \$4,143,950 higher than projected. Revenue escalation was the result of increased tourism in the region which increased the City's share of the County's sales tax receipts, plus heightened activity in the permitting for residential and commercial buildings. Expenditures were muted during the year as the pandemic challenged hiring processes and as the labor market tightened, accounting for roughly \$1.8 million in unused authority. This, plus nearly \$800,000 in unawarded grant funding and another \$1.4 million in annual departmental savings budgets (adopted as part of the Spring Supplemental) that was not utilized, accounted for more than half of the overall budget not being utilized.

Capital Assets: Significant capital outlay in 2021 included the completion of new City Hall and adjacent administrative building at 425 Rio Grande Place, furthering of the brick repointing and masonry work on the historic Wheeler Opera House, wrap up to the public private partnership affordable housing projects at three sites and the advancement of phase 3 development at Burlingame. The City's capitalization policy pertains to assets with a purchase value of \$5,000 or greater. Assets of lesser value or a life expectancy of fewer than twelve months are treated as operational expenses.

Additional information, as well as a detailed classification of the City's net capital assets, can be found in the Notes to the Financial Statements on pages D22 and D23 of this report (Note IV, F).

Long-term Debt: As of December 31, 2021, the City's long-term liabilities totaled \$89,307,459, a decrease of \$5,871,786 from the prior year. Two 2009 issuances reached final maturity in 2021 and final debt service payments were made for these obligations related to Truscott Affordable Housing and Parks and Open Space. Looking forward, three additional debt issues will retire by the end of the new year (2022) including the 2010 lease purchase obligation and two sales tax revenue bonds related to Parks and Open Space (series 2012 and 2014). Additional information, as well as a detailed classification of the City's total long-term liabilities, can be found in the Notes to the Financial Statements on pages D23 through D33 of this report (Note IV, G - M).

Budgetary Fund Balance Condition and Forecast: The City uses a combination of internal and external financial and economic variables to forecast the future financial condition of all of its budgeted funds. These forecasts are tailored to the specific activities as well as the financial and economic drivers of each fund. Forecasts are based on their major revenue sources, the composition of expense types, and exposure to economic and financial trends. These trends are updated annually and evaluated as an important component of the City's annual budget development process. These long range financial plans are used to assist the City Council in making current year budgetary decisions in light of the long-term financial impact of those decisions on each fund's ability to sustain the required level of financial support for governmental and business-type services of the City of Aspen. Updated long range financial plans for all budgeted funds are published annually as part of the City's Adopted Operating and Capital Budget document.

Most of the City's budgeted funds are projected to remain stable over the coming budget planning horizon with sufficient reserves. The following paragraphs discuss the exceptions:

While the Asset Management Plan Fund is a capital fund and pursuant to City Financial Policies does not have a targeted reserve, this fund's long-term health requires the scheduling of infrastructure projects that can be afforded based on available resources. To date, this has not been a challenge; however, as construction inflation has skyrocketed, future planning will become more challenging, and prioritization will likely be required until perhaps new revenue streams can be identified.

The General Fund's ending balance is projected to decline over time, drawing down to roughly 150% of the 25% annual operating budget targeted threshold by 2025. This slow draw is reflective of a conservative growth assumption to various fees and as such, can be altered within the adoption of the annual fee ordinance as time progresses. That said, the fund health displayed in the annual budgeting process portrays a picture of limited room for new programming in these department areas.

The Truscott Affordable Housing Fund is no longer burdened by debt service. As a result, any excess revenues after supporting operational needs at the site will go towards a repayment schedule for borrowing from the Housing Development Fund and will therefore prohibit any large accumulation of reserves in this fund beyond the City's Financial Policies target of 12.5% of annual operations

More complete information on the projected future financial health of all budgeted funds can be found within the City of Aspen 2022 Adopted Operating and Capital budget document.

Requests for Information: This financial report is designed to provide a general overview of the City's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Aspen, Finance, 427 Rio Grande Place, Aspen, CO 81611, or email tyler.sexton@aspen.gov.

City of Aspen, Colorado
Reconciliation of the Governmental Fund Balance Sheet to the Statement of Net Position
December 31, 2021

Governmental Funds Total Fund Balance	\$ 209,532,800
<i>Add:</i>	
Capital assets, net of depreciation, are used in governmental activities and are not financial resources and, therefore, are not reported in the governmental funds.	262,952,820
Internal service funds are used by the City to charge the costs of the IT Department and the costs of employees' health insurance to the individual funds and to account for City owned housing sales and costs for sale or rent to City employees. The assets and liabilities of the internal service funds are included with governmental activities.	14,686,436
Long-term receivables are not available for current year expenditures and, therefore, are not reported in the funds. These are amounts that the City is owed but will not collect soon enough to pay for current year expenditures.	30,178,801
<i>Less:</i>	
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. This is the amount of bonded debt payable.	(59,104,085)
Deferred amounts on refundings and bond premiums or discounts are reflected as current charges in the governmental fund financial statements. On the Statement of Activities and the Statement of Net Position, these costs are capitalized and amortized over the life of the bond issues. These amounts consist of unamortized deferred refunding losses of \$455,619 less unamortized bond premiums of \$7,730,068.	(8,972,710)
Long-term liabilities, including compensated absences and retirement, are not due and payable in the current period and, therefore, are not reported in the funds. This is the amount of compensated absences and retirement not currently payable.	(4,041,847)
Interest payable on debt is not recorded on the fund statements but rather recognized as an expenditure when due. This is the accrued interest on bonded debt that has been incurred but not yet due.	(286,659)
Governmental Activities Net Position	<u>\$ 444,945,556</u>

The accompanying notes are an integral part of these financial statements.

For the Year Ended December 31, 2021

Net Change in Fund Balances - Governmental Funds	\$ 11,912,582
<i>Add:</i>	
Long-term assets, including accrued interest, are not receivable in the current period and therefore are not reported in the funds. This is the change in the amount of long-term interest receivable not currently due.	279,178
The repayment of debt is a use of current available resources but has no effect on net position because although the City has less current available resources it also has less debt. This is the amount of principal payments on long-term debt during the year.	3,386,912
Interest payable on debt is not recorded in the fund statements but rather recognized as an expenditure when due. This is the change in accrued interest on long-term debt that has been incurred but not yet due.	488,200
Internal service costs are used by the City to charge employee health insurance and information technology services to the individual funds, and to account for City owned housing sales and costs for sale or rent to City employees. This is the increase in the Internal Service Funds' net position which is charged back to governmental activities on the Statement of Activities.	1,491,660
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeds capital outlays in the current period.	38,860,550
Notes receivable revenue reported in governmental activities, which is not a current financial resource, and therefore, not reported in the funds. This is \$3,792,251 revenue of the note receivable from 488 Castle Creek. The revenue is offset by note receivable payments of \$93,560.	3,698,691
<i>Less:</i>	
Long-term capital assets which are not fully depreciated are routinely retired. Because no sale transaction has occurred, no current resources are recorded which offset the book value of the assets retired. This is the total book value of capital assets retired during the year that were not fully depreciated.	(3,532,931)
Long-term liabilities, including compensated absences and retirement, are not due and payable in the current period and therefore are not reported in the funds. This is the change in the amount of compensated absences and retirement benefits not currently payable.	67,748
Change in Net Position of Governmental Activities	\$ 56,652,590

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021

I. Summary of Significant Accounting Policies

The City of Aspen is a municipal corporation that was incorporated in 1879 under provisions of the Constitution of Colorado. On January 1, 1972, the City became a Colorado home rule city. The City operates under a council- manager form of government and is governed by a separately elected mayor and four-member council. The City provides the following services as authorized by its charter: public safety, public works, public health and welfare, culture and recreation, water and electric utilities, parking, golf, affordable housing, and general administrative services.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established by GAAP used by the City are discussed below.

A. Reporting Entity

The reporting entity consists of: (a) the primary government (i.e., the City), and (b) organizations for which the City is financially accountable. The City is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the City. Consideration is also given to other organizations which are fiscally dependent; i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the City. Organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

The accompanying financial statements present the primary government and its component units (entities for which the government is considered to be financially accountable).

1. Blended Component Units - ACI Affordable 1 LLLP, Si Johnson Ditch Company, Inc. and Aspen Mini Storage, LLC.

Based on the above criteria, the City is financially accountable for ACI Affordable 1 LLLP, Si Johnson Ditch Company, Inc., and Aspen Mini Storage LLC., which have been included in the financial reporting entity as blended component units. ACI Affordable 1 LLLP, Si Johnson Ditch Company and Aspen Mini Storage are entities legally separate from the City and are presented as if they were part of the City's operations. The City is the general managing partner of ACI Affordable 1 LLLP and therefore, is financially responsible for its operations. The City is the majority shareholder in both Si Johnson Ditch Company and Aspen Mini Storage LLC and therefore, is financially responsible for their operations. The audited financial statements of these entities are available at the City of Aspen Finance Department.

2. Discretely Presented Component Unit – Burlingame Housing, Inc.

Burlingame Housing, Inc. (the Corporation) is a non-profit corporation organized for the purpose of operation, maintenance, and development of affordable housing property within the City. The Corporation is governed by a Board of Directors consisting of five Directors. The City's Council elects four of the Directors and the Music Associates of Aspen elects one. The City is not accountable for the debt of the Corporation. However, upon the Corporation's repayment of all outstanding debt, title in the Burlingame Housing Project shall revert to the City, without demand of, further action by, or cost to the City. This will result in a financial benefit to the City.

Complete financial statements for Burlingame Housing, Inc. may be obtained from the City of Aspen Finance Department.

City of Aspen, Colorado
Notes to the Financial Statements

(continued)

I. Summary of Significant Accounting Policies (continued)

A. Reporting Entity (continued)

3. Jointly Governed Organizations - Aspen-Pitkin County Housing Authority

The Aspen-Pitkin County Housing Authority (the Housing Authority) was formed in 1982 to manage and construct projects that are deed restricted as to the amount rent charged or amount of appreciation on privately owned units. The Housing Authority is governed by a seven-member board of directors and one alternate director. The Aspen City Council and the Pitkin County Board of Commissioners each appoint three directors and two directors are appointed jointly (one a full voting member and one an alternate). The Housing Authority's board reports to the City and County boards, the City and County share operating costs equally, and the City and County significantly and equally influence the operations budget.

The City's proportionate share of net operating expenses (50%) is recorded in the City's financial statements in the Housing Department Fund and the County's share is reported in their financial statements.

The complete audited financial statements for the Aspen-Pitkin County Housing Authority may be obtained from the City's Finance Department.

B. Government-Wide and Fund Financial Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Government-wide financial statements report on information of all of the nonfiduciary activities of the City and its component units. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The City's general government, public safety, public works, public health and welfare, and culture and recreation are classified as governmental activities. Water, electric, parking, golf, and affordable housing are classified as business-type activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's governmental functions and business-type activities. The governmental functions are also supported by general government revenues (e.g., sales taxes, property and specific ownership taxes, investment earnings, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating grants, and capital grants. Program revenues must be directly associated with the governmental function or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The government-wide focus is on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

C. Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund's financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues and expenditures/expenses.

The fund focus is on current available resources and budget compliance.

Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

C. Fund Financial Statements (continued)

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.

The *Arts and Culture Fund* is used to account for the collection of a one-half percent (1/2%) tax on the value of all transfers of real property in the City. This tax was extended until 2039 in an election held in Nov 2016. Expenditures are restricted by ordinance to renovation, reconstruction, and maintenance of the Wheeler Opera House and for the support of the visual and performing arts.

The *Affordable Housing Fund* is used to account for revenues and expenditures related to the collection of a one percent (1%) tax on the value of all transfers of real property in the City, an affordable housing dedication fee, and a portion (45%) of a sales tax of .45%. In November 2008, the electorate approved an extension of both the 1% real estate transfer tax and the .45% sales tax through 2040. Expenditures are restricted to affordable housing purposes.

The *Parks and Open Space Fund* provides funding for the acquisition, development, and maintenance operations of the City's parks and open space trails. It accounts for two of the City's specifically authorized sales taxes.

The *Transportation Fund* accounts for the collection of a 2.1% construction use tax, a sales tax of .15%, and a lodging tax of two percent (2%). The 2% lodging tax is split between transportation (25%) and tourism (75%). Funds are used to develop and promote transportation alternatives, improve transit services in the City, and implement new City transit routes.

The *Asset Management Plan Fund* accounts for capital improvements made to the City's physical assets.

The City reports the following major proprietary or business-type funds:

The *Water Fund* accounts for the activities of the water utility owned by the City for the delivery of water service to the residents of Aspen. The major sources of revenue are from water user fees, which are used for operations, and from tap fees, which are used for capital improvements and are charged to new or enlarged water services in the City.

The *Electric Fund* accounts for the activities of the electric utility and hydroelectric plants operated by the City for the delivery of electric service to a portion of the citizens of Aspen. The major source of revenue is electric service revenue, while purchased power is the major expense.

The *Parking Fund* is used to account for all costs of in town and on street parking control and services and the operation and maintenance of the Rio Grande Parking Plaza.

The *ACI Affordable 1 LLLP Fund* accounts for the operations of Aspen Country Inn affordable rental housing. The complex provides housing for employees of Pitkin County businesses and retired Pitkin County residents.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

C. Fund Financial Statements (continued)

The internal service funds account for health insurance, employee housing, and information technology services. The Health Insurance Fund accounts for health insurance contributions and claims paid to beneficiaries on a cost reimbursement basis. The Employee Housing Fund accounts for the current construction and maintenance of all rental and sale units for City Employees. The Information Technology Fund accounts for the implementation, management, and support of computer and telephone technology.

Additionally, the City reports the following fund types:

The custodial funds are used to account for assets held by the City as an agent for individuals, private organizations, and other governments. The Police Seizure Fund accounts for proceeds from police seizure activities. The Deposits Agency Fund accounts for deposits that will be remitted to other parties upon meeting payment criteria. The Aspen Pitkin County Housing Authority Fund accounts for funds held and used for Aspen Pitkin County Housing Authority activities.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements. Financial statement presentation refers to classification of revenues by source and expenses by function.

1. Long-Term Economic Focus and Accrual Basis

Both governmental and business-type activities in the government-wide financial statements and the proprietary and fiduciary fund financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

2. Current Financial Focus and Modified Accrual Basis

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter (60 days) to be used to pay liabilities of the current period. Property taxes, sales taxes, intergovernmental revenues, other taxes, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt are recorded only when payment is due.

Non-current portions of long-term receivables due to governmental funds are reported on their balance sheets, in spite of their spending measurement focus. Special reporting treatments are used to indicate, however, that they should not be considered "available spendable resources," since they do not represent net current assets. Recognition of governmental fund type revenues represented by non-current receivables is deferred until they become current receivables.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

3. Financial Statement Presentation

Amounts reported as program revenues in governmental funds include: 1) charges to customers and applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds and the internal service funds are charges to customers for sales and services. Operating expenses for the enterprise funds and the internal service funds include the cost of sales and services, operating expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Financial Statement Accounts

1. Cash and Investments

Whenever possible, cash is pooled from the various City funds to enhance investment capabilities and maximize investment income. Investments are made taking into consideration cash flow needs, market conditions, and contingency plans. The City's investment policies prescribe eligible investments, investment diversification, and maturity and liquidity guidance. Investments are stated at fair value.

For purposes of the statement of cash flows, the enterprise funds and the internal service funds consider all liquid investments with original maturities of three months or less to be cash equivalents.

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within 3 months of the date acquired by the City.

Investments are stated at fair value or net asset value. The change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

The City permits investments in the following type of obligations which corresponds with applicable state statutes:

- Legal investments for municipalities under state statutes
- Commercial paper
- Repurchase agreements
- Obligations of the United States or obligations unconditionally guaranteed by the United States or its agencies
- Obligations of the State of Colorado and most general obligations of units of local governments
- Federally insured mortgages and student loans
- Participation with other local governments in pooled investment funds (trusts). These trusts are supervised by participating governments and must comply with the same restrictions on cash deposits and investments.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

E. Financial Statement Accounts (continued)

2. Property Taxes

Property taxes are assessed in one year as a lien on the property, but are not collected by the governmental unit until the subsequent year. In accordance with GAAP, the assessed but uncollected property taxes have been recorded as a receivable and as a deferred inflow.

3. Accounts Receivable

The City uses the allowance method for recognizing the potential uncollectibility of delinquent accounts receivable. At December 31, 2021, there were allowances for \$180,678 comprised of \$131,581 for general fund, \$1,143 for transportation, \$48,303 for parks and open space, \$21,216 for water, \$10,173 for Truscott Housing, and \$45,584 for Marolt Housing.

4. Interfund Receivables and Payables

Balances at year-end between funds are reported as “advances to other funds/advances from other funds” in the fund financial statements. Any residual balances not eliminated between the governmental and business-type activities are reported as “internal balances” in the government-wide financial statements. Advances between funds, as reported in the fund financial statements, are offset by a nonspendable fund balance account in the applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

5. Prepaid Items

Prepaid items of governmental funds are recorded when consumed rather than when purchased.

6. Inventory

Inventories are valued at cost using the first-in, first-out method. Inventory in the General Fund consists of expendable supplies held for consumption and merchandise held for resale. Inventories in the Affordable Housing Fund and Employee Housing Fund consist of affordable housing units held for sale. Inventory in the Parks and Open Space Fund consists of mall bricks held for consumption. Inventory in the Golf Fund consists of golf merchandise held for resale. Inventory in the Water and Electric Funds consists of water and electric parts and materials. The cost of these inventories is recorded as expenditures at the time the individual inventory items are used or sold.

7. Capital Assets

Capital assets, which include land, buildings, improvements, equipment, machinery, and infrastructure assets, are reported in the applicable governmental or business-type activity columns in the government-wide financial statements. Infrastructure assets consist of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, and lighting systems purchased or constructed since 1980. Capital assets are defined by the City as assets with an initial cost of \$5,000 or more and an estimated useful life in excess of one year. Such assets are recorded at cost where historical records are available and at an estimated historical cost where no historical record exists. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

E. Financial Statement Accounts (continued)

7. Capital Assets (continued)

Capital outlay for projects is capitalized as projects are constructed. Interest incurred during the construction phase is capitalized as part of the value of the assets. Depreciation begins when the completed asset is put into service.

Capital assets (excluding land) are depreciated using the straight-line method over the following estimated useful lives:

Buildings	25 - 50 years
Infrastructure and improvements other than buildings	10 - 65 years
Machinery and equipment	3 - 40 years

8. Bond Premiums and Discounts

Bonds payable are reported net of the applicable bond premium or discount. No amortization was taken on these premiums and discounts in the first year. These premiums and discounts are amortized over the life of the applicable bonds using the bonds outstanding method.

9. Unearned Revenue

For governmental funds, unavailable revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period.

In subsequent periods, when revenue recognition criteria are met or when the City has legal claim to the resources, the liability for unavailable revenue is removed and revenue is recognized.

10. Deferred Outflows and Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then.

A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

11. Compensated Absences

Accumulated paid time off and extended sick leave of governmental funds are reported in the governmental activities column in the government-wide financial statements when incurred. Accumulated paid time off and extended sick leave of the proprietary fund type is recorded as an expense and liability of that fund as the benefits accrue to employees.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

E. Financial Statement Accounts (continued)

12. Fund Balance Classifications

In the fund financial statements, governmental funds report fund balance classifications including nonspendable resources, restricted amounts, committed amounts, and assigned amounts. Only the General Fund reports unassigned amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund. However, it may be necessary for other governmental funds to report negative fund balance as unassigned. The City Council must take formal action through ordinance to establish, modify, or rescind committed fund balance amounts. The City Manager has the authority to establish, modify, or rescind assigned fund balance to a specific department or project within a fund, as stated in the City's adopted financial policies.

Fund balance classifications with the highest level of constraint are spent first; such that restricted fund balance is spent before unrestricted fund balance when an expenditure is incurred for which both restricted and unrestricted balances are available. Likewise, committed and assigned fund balances are spent before unassigned fund balance when an expenditure is incurred for which any such unrestricted fund balances are available.

The City has adopted a minimum fund balance policy, which includes the following requirements:

1. A General Fund reserve of no less than twenty-five percent (25%) of annual appropriated expenditures, including recurring transfers, is required. The constitutionally required emergency reserve is included in this operating reserve.
2. An Arts and Culture Fund reserve of no less than twenty-five percent (25%) of annual appropriated expenditures, including recurring transfers, is required.
3. The first twenty percent (20%) of the General Fund reserve and of the Arts and Culture Fund reserve may be drawn upon on recommendation of staff with Council approval through resolution or ordinance to compensate for an expected shortfall.
4. All other funds, except for the Tourism/Regional Transportation Fund, the Aspen Public Education Fund, and the Debt Service Fund, are required to maintain a reserve of no less than twelve and a half percent (12.5%) of annual appropriated expenditures, including recurring transfers.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

I. Summary of Significant Accounting Policies (continued)

E. Financial Statement Accounts (continued)

13. Interfund Transactions

Interfund services provided and used are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses, initially made from it that are properly applicable to another fund, are recorded as expenditures or expenses in the reimbursing fund and as reimbursement revenue in the fund that is reimbursed. All other interfund transactions, except for reimbursements and interfund services provided and used, are reported as transfers. Repayments of long-term interfund advances are also accounted for as transfers for budgeting purposes with a corresponding decrease/increase in the receivable/payable for GAAP purposes.

F. Significant Accounting Policies

1. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the City's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures or expenses during the reporting period. Actual results could differ from those estimates.

2. Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

3. Indirect Expense Allocations

The City chooses to allocate general government expenses consisting of central service departments such as Finance, Human Resources, City Manager, and City Attorney to the appropriate function based on a study estimating the time spent providing services. This allocation is shown as "Indirect Expenses Allocation" on the Statement of Activities.

II. Reconciliation of Government-Wide and Fund Financial Statements

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The governmental fund balance sheet includes a reconciliation between the fund balance of total governmental funds and net position of governmental activities as reported in the government-wide Statement of Net Position. One element of that reconciliation explains "Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds." This \$262,952,820 difference is related to property, plant and equipment of \$353,511,285 less accumulated depreciation of \$90,558,465.

Similarly, long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. The \$59,104,085 difference is made up of \$16,435,000 in bonds payable, \$42,657,000 in outstanding certificates of participation and \$12,085 in capital lease payable. Other long-term liabilities, compensated absences of \$3,484,607 and retirement liabilities of \$557,240, make up the \$4,041,847 difference.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

II. Reconciliation of Government-Wide and Fund Financial Statements

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position (continued)

Another element of that reconciliation explains "Long-term receivables are not available for current year expenditures and, therefore, are not reported in the funds." This \$30,178,801 difference is long-term receivables of \$27,096,389 and interest receivable of \$3,082,412.

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances and the Government-Wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes reconciliation between net change in fund balances of governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. One element of that reconciliation explains "Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense". The details of this \$38,860,550 difference are comprised of capital outlay of \$46,553,200 less depreciation expense of \$7,692,650.

C. Explanation of Certain Differences Between the Proprietary Funds Statement of Net Position and the Business-Type Statement of Net Position

The Proprietary Funds Statement of Net Position has a difference relating to the ACI Affordable 1 LLLP notes payable. The City was assigned notes totaling \$6,438,127 (see note IV.H.5). These notes are shown as internal balances on the Business-Type Statement of Net Position.

III. Stewardship, Compliance, and Accountability

A. Budgetary Information

An annual budget and appropriation resolution is adopted by City Council in accordance with the City's Home Rule Charter. Separate budget/actual comparisons are presented in these financial statements for all non-custodial funds as required by Colorado State Statutes. This annual comprehensive financial report and the adopted budget are filed with the appropriate State of Colorado Department. Budgets are prepared on a GAAP basis for all funds except the Arts and Culture Fund, Affordable Housing Fund, Parks and Open Space Fund, Asset Management Plan Fund, and the enterprise funds. The budgets for these funds have been adopted on a non-GAAP budget and are reconciled to GAAP below:

	Arts and Culture Fund	Parks and Open Space Fund
Net Change in Fund Balances - Budget Basis	\$ 6,626,416	\$ 3,828,608
Add/(less):		
Interfund advance principal payments	(242,450)	(9,827)
Net Change in Fund Balances - GAAP Basis	<u>\$ 6,383,966</u>	<u>\$ 3,818,781</u>

Loss on disposition of fixed assets	(21,443)	-	-	(586,299)	(17,889)
Depreciation and amortization	(241,066)	(392,640)	-	(39,644)	(124,017)
Change in Net Position - GAAP Basis	<u>\$ (25,056)</u>	<u>\$ (394,206)</u>	<u>\$ (5,054)</u>	<u>\$ 544,212</u>	<u>\$ 407,566</u>

The City followed these procedures in preparing, approving, and enacting its budget for 2021:

1. Prior to October 15, the City Manager submits to the City Council a proposed operating and capital budget for the fiscal year commencing the following January 1. The budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted at scheduled City Council meetings to obtain taxpayer comments.
3. The City's mill levy is formally certified to the Pitkin County Treasurer prior to December 15, based on the budget.
4. Prior to December 31, the budget is legally enacted through passage of a resolution.
5. Formal budgetary integration is employed in all funds except custodial funds.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

III. Stewardship, Compliance, and Accountability (continued)

A. Budgetary Information (continued)

6. Budgets in all funds are not adopted on a basis consistent with GAAP. Budgets treat bond and note proceeds as other financing sources, bond principal payments and capital expenditures are treated as expenditures, depreciation and amortization are not treated as expenditures, and interfund advance payments are treated as transfers. Budgets are not adopted for the custodial funds.
7. The legal level of budgetary control is the fund level. The City Manager may legally approve budget transfers between departments within a fund. Department directors may transfer budgeted amounts between various programs within the department. The City Manager must approve capital project budget transfers. Department heads must approve transfers of budget between the major expenditure categories (personnel, supplies and services, capital outlay/expenses, and debt service) within a department.
8. Budgeted amounts in this report represent the original adopted amounts plus or minus any amendments by City Council throughout the year. In order to amend the budget, the City Manager must certify that there are current year revenues in excess of those anticipated in the budget that are available for appropriation or the City Manager must certify that there is a prior year fund balance / net position balance available for appropriation. Budgets are amended by ordinance.
9. Individual departments carry forward fifty percent (50%) of any unexpended operating budget amounts to the next fiscal year.

Property taxes levied in one year are collected in the subsequent year. Thus, taxes certified in 2020 were collected in 2021 and taxes certified in 2021 will be collected in 2022. Taxes are due on January 1 in the year of collection; however, they may be paid in either one installment (no later than April 30) or two equal installments (not later than February 28 and June 15) without interest or penalty. Taxes that are not paid within the prescribed time bear interest at the rate of one percent (1%) per month until paid. Unpaid amounts and the accrued interest thereon become delinquent on June 16.

During the year, supplemental appropriations were necessary. The budgetary comparison statements reflect the original budget and the final budget after legally authorized revisions were made.

At December 31, 2021, the Debt Service Fund expenditures exceeded budget by \$3,113 and Si Johnson Ditch Company, Inc. expenses exceeded budget by \$5,054. These may be violations of State Statutes.

B. TABOR Amendment

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

III. Stewardship, Compliance, and Accountability (continued)

B. TABOR Amendment (continued)

TABOR also requires local governments to establish an emergency reserve to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. The reserve is calculated at 3% of fiscal year spending for fiscal years ending after December 31, 1995. Fiscal year spending excludes bonded debt service and enterprise spending. The City has reserved a portion of the December 31, 2021 year-end fund balance in the General Fund for this purpose in the amount of \$3,365,000, which is the approximate required reserve.

The initial base for local government spending and revenue limits is December 31, 1992 fiscal year spending. Future spending and revenue limits are determined based on the prior year's fiscal year spending adjusted for inflation in the prior calendar year plus annual local growth. Fiscal year spending is generally defined as expenditures and reserve increases with certain exceptions. Revenue, if any, in excess of the fiscal year spending limit, must be refunded in the next fiscal year unless voters approve retention of such revenue.

The City's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. In November 1994, the electorate approved ballot question 2B which allows the City to collect, retain, and spend the full proceeds of the City's existing sales and real estate transfer taxes, grants, and revenues from all other sources, with the exception of revenues generated from property tax.

IV. Detailed Notes on All Funds

A. Cash and Investments

In order to facilitate the recording of cash transactions and maximize investment earnings, the City has combined the cash and investments and maintains accountability for each fund's equity in the pooled cash and investments. Investment earnings are prorated among the contributing funds monthly, based on each fund's respective percentage of equity to the total amount of pooled cash and investments. All funds of the City are eligible for investment and may be combined in an investment instrument to maximize earnings.

The City's deposits are entirely covered by federal depository insurance ("FDIC") or by collateral held under Colorado's Public Deposit Protection Act ("PDPA"). The FDIC insures the first \$250,000 of the City's deposits at each financial institution. Deposit balances over \$250,000 are collateralized as required by PDPA.

IV. Detailed Notes on All Funds (continued)

A. Cash and Investments (continued)

Fair Value of Investments

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and,
- Level 3: Unobservable inputs.

Investment Measured at Fair Value:	Fair Value Measurements Using			
	Total	Level 1	Level 2	Level 3
U.S. Treasuries	\$ -	\$ -	\$ -	\$ -
Agency Securities	\$ 62,143,781	\$ -	\$ 62,143,781	\$ -
Government Bonds	33,501,703	-	33,501,703	-
Corporate Bonds	12,938,493	-	12,938,493	-
Taxable Municipal Bonds	11,247,847	-	11,247,847	-
Total Investments	\$119,831,824	\$ -	\$119,831,824	\$ -

Investment Measured at Net Asset Value:

	Total
Colotrust	\$ 29,762,840

Debt and equity security classified in Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities in level 2 are valued using Money Market, Bond, and Equity Mutual Funds: published fair value per share (unit) for each fund.

B. Summary of Cash and Investments

A summary of deposits and investments held by the City follows:

Type	Amount
Cash and cash equivalents	\$103,642,313
Cash on hand	16,594
Investments	149,594,664
Total Cash and Investments	\$253,253,571

Financial Statement Captions	Amount
Governmental Activities	\$219,451,141
Business-type Activities	30,934,332
Fiduciary Funds	2,868,098
Total Cash and Investments	\$253,253,571

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

IV. Detailed Notes on All Funds (continued)

B. Summary of Cash and Investments (continued)

The City has a formal investment policy that includes the following guidelines.

Credit Risk. The City limits credit risk by limiting the types of investments to the following:

- Legal investments for municipalities under state statutes
- Commercial paper
- Repurchase agreements
- Obligations of the United States or obligations unconditionally guaranteed by the US or its agencies
- Obligations of the State of Colorado and most general obligations of units of local governments
- Federally insured mortgages and student loans
- Participation with other local governments in pooled investment funds (trusts). These trusts are supervised by participating governments and must comply with the same restrictions on cash deposits and investments.

Investments are to be made with judgment and care – under circumstances then prevailing – which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment.

Interest Rate Risk. The City invests in various mortgage-backed securities. Mortgage-backed securities receive cash flow in the form of principal and interest payments on underlying mortgages and are sensitive to prepayments by borrowers. The City limits its exposure to interest rate risk by limiting the maturity for investments held. The City restricts the effective maturity of any security to less than five years from the date of purchase. The Investment Pool represents investments in COLOTRUST. The fair value of the pool is determined by the pool's share price. The City has no regulatory oversight for the pool. At December 31, 2021, the City's investments in COLOTRUST were 20% of the City's investment portfolio.

Concentration of Credit Risk. The City diversifies its investments by security type and institution. Financial institutions holding City's funds must provide the City a copy of the certificate from the Banking Authority that states that the institution is an eligible public depository. At December 31, 2021, the City's investments in Fannie Mae, Freddie Mac, Federal Home Loan Bank, Federal Farm Credit Bank, and United States Treasuries were 18%, 2%, 15%, 6%, and 22% of the City's investment portfolio, respectively.

Restricted Cash. Burlingame Housing, Inc., a component unit of the City, had restricted cash for tenant deposits and for amounts held by trustee in the amount of \$3,621,449. The ACI Affordable 1 LLLP had \$277,051 of restricted cash for tenant deposits.

At December 31, 2021, unrealized losses were \$456,985 which reflects changes in the fair market value of investments. The City had the following cash and investments with the following maturities:

Investment Type	Fair Value	Standard & Poor		Investment Maturities (in Years)	
		Rating	Percentage	Less than 1	1-5
Agency Securities	\$ 62,143,781	AA+	42%	\$ 7,071,912	\$ 55,071,869
Government Bonds	33,501,703	AA+	22%	6,159,445	27,342,258
Corporate Bonds	12,938,493	A+	9%	12,938,493	-
Taxable Municipal Bonds	11,247,847	AA-	8%	4,255,598	6,992,249
Colotrust	29,762,840	AAAm	20%	29,762,840	-

C. Receivables

The City has several types of receivables. Receivables not meeting the requirements for revenue recognition in the City's funds are shown on the government-wide financial statements. The City had the following receivables, net of applicable uncollectible accounts:

	General Fund	Arts and Culture Fund	Affordable Housing Fund	Parks and Open Space Fund
Current Receivables:				
Taxes	\$ 4,591,132	\$ -	\$ -	\$ -
Trade accounts	3,580,609	29,056	509,252	2,559,539
Gross Receivables	8,171,741	29,056	509,252	2,559,539
Less: Allowance for uncollectibles	(54,259)	-	-	(48,303)
Net Current Receivables	<u>\$ 8,117,482</u>	<u>\$ 29,056</u>	<u>\$ 509,252</u>	<u>\$ 2,511,236</u>

	Transportation Fund	Asset Management Plan Fund	Nonmajor Governmental Funds	Total Governmental Funds
Current Receivables:				
Taxes	\$ -	\$ 3,756,013	\$ 1,311,175	\$ 9,658,320
Trade accounts	3,011,388	-	1,537,729	11,227,573
Gross Receivables	3,011,388	3,756,013	2,848,904	20,885,893
Less: Allowance for uncollectibles	(1,143)	-	-	(103,705)
Net Current Receivables	<u>\$ 3,010,245</u>	<u>\$ 3,756,013</u>	<u>\$ 2,848,904</u>	<u>20,782,188</u>
Long-term Receivables:				
Burlingame Housing Corporation (see note IV.R.)				2,319,100
Truscott Place Phase II LLLP				4,441,867
Other developments (488 Castle Creek, 517 Park Circle, 802 W. Main St.)				15,958,972
ACRA and Revolving Loans				539,773
Internal Service Fund Receivables				292,276
Total per Government-wide Financial Statements				<u>\$ 44,334,176</u>

The Burlingame Housing Corporation receivables are due in 2030. The Truscott Place Phase II receivables are due in 2047.

1. Truscott Place Phase II LLLP

In September 2001, and in connection with the development of the Project, the City executed a promissory note with Truscott Phase II, LLLP (the "Note") in the principal amount of \$2,900,000. The Note, which matures October 22, 2047 and bears interest at 5.72% per annum, is secured by a second deed of trust on the Project. Annual payments are due beginning March 15, 2003, and each March 15 thereafter, to the extent of Cash Flow generated by the Project. Cash Flow is defined as all amounts received by the Partnership from its operation on a cash basis, less expenditures incurred for operations. 50% of Cash Flow is to be used toward payments on this Note; first to reduce outstanding interest and then to any outstanding principal balance on the loan. At December 31, 2021, the principal balance outstanding on the Note was \$1,975,000 and cumulative accrued interest payable was \$2,466,867. As defined, Truscott Phase II, LLLP did not have 2021 Cash Flow available for distribution toward payment of the Note.

C. Receivables (continued)

2. 488 Castle Creek LLC

On December 21, 2018, the City received a promissory note for \$5,791,507, or so much thereof as may be advanced, from 488 Castle Creek, LLC for the construction of affordable housing units. Interest shall accrue daily at a rate of 0.50% per annum, shall be compounded annually and shall be payable in arrears on the maturity date. The maturity date on the note is October 1, 2070. The balance on the note at December 31, 2021 was \$5,820,530, which includes \$29,023 of accrued interest.

3. 517 Park Circle LLC Loan A

On December 21, 2018, the City received a promissory note for \$5,262,153, or so much thereof as may be advanced, from 517 Park Circle, LLC for the construction of affordable housing units. Interest shall accrue daily at a rate of 0.50% per annum, shall be compounded annually and shall be payable in arrears on the maturity date. The maturity date on the note is October 1, 2070. The balance on the note at December 31, 2021 was \$5,089,529, which includes \$50,537 of accrued interest.

4. 517 Park Circle LLC Loan B

On December 20, 2018, the City received a promissory note for \$1,108,529, or so much thereof as may be advanced, from 517 Park Circle, LLC for the construction of affordable housing units. Interest shall accrue at a rate of 2.50% per annum, and shall be calculated on a 365-day year multiplied by the actual numbers of days for which interest has accrued. Payments are due annually beginning December 20, 2018 through January 1, 2021 or such date when the principal balance is paid in full. The balance on the note at December 31, 2021 was \$0.

5. 802 W. Main LLC Loan A

On December 20, 2018, the City received a promissory note for \$5,133,128, or so much thereof as may be advanced, from 802 W. Main, LLC for the construction of affordable housing units. Interest shall accrue daily at a rate of 0.50% per annum, shall be compounded annually and shall be payable in arrears on the maturity date. The maturity date on the note is October 1, 2070. The balance on the note at December 31, 2021 was \$5,048,913, which includes \$55,023 of accrued interest.

6. 802 W. Main LLC Loan B

On December 20, 2018, the City received a promissory note for \$634,353, or so much thereof as may be advanced, from 802 W. Main, LLC for the construction of affordable housing units. Interest shall accrue at a rate of 2.50% per annum, and shall be calculated on a 365-day year multiplied by the actual numbers of days for which interest has accrued. Payments are due annually beginning December 20, 2018 through January 1, 2021 or such date when the principal balance is paid in full. The balance on the note at December 31, 2021 was \$0.

7. Aspen Chamber Resort Association

On May 11, 2020, the City Council authorized release of \$300,000 from reserve fund balance in the Tourism Fund and a \$133,334 advance from the General Fund to support the Aspen Chamber Resort Association's ("ACRA") destination marketing. The loans are interest free and payments are due annually beginning December 31, 2021 through December 31, 2025. The balance on the loans at December 31, 2021 was \$366,667.

8. Revolving Loan Fund

In 2020, the City funded nine small business loans totaling \$200,000 to provide COVID-19 assistance. Interest shall accrue at a rate of 1.00% per annum and have four year terms. The balance on the loans at December 31, 2021 was \$173,107.

Net Current Receivables	\$ 9,406	\$ 44,766	\$ 2,576,563

D. Deferred Outflows and Inflows of Resources

The City has one item that qualifies as a deferred outflow of resources on the government-wide Statement of Net Position, deferred loss on refunding. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

The City has two deferred inflows of resources on the government-wide Statement of Net Position, property taxes assessed in 2021 but not collectible until 2022 and deferred gain on refunding.

City of Aspen, Colorado
Notes to the Financial Statements

(continued)

IV. Detailed Notes on All Funds (continued)

E. Interfund Receivables, Advances, and Transfers

The following long-term interfund advances existed at December 31, 2021:

	<u>Advance to Other Funds</u>	<u>Advances Due to Other Funds</u>	<u>Total</u>
Arts and Culture Fund	\$ 3,860,968	\$ -	\$ 3,860,968
Parks Open Space Fund	72,015	-	72,015
Water Fund		(1,577,755)	(1,577,755)
General Fund	-	(2,283,213)	(2,283,213)
Golf Enterprise Fund	-	(72,015)	(72,015)
Total	<u>\$ 3,932,983</u>	<u>\$ (3,932,983)</u>	<u>\$ -</u>

Details regarding the long-term advances are as follows:

In 2009, the Parks and Open Space Fund loaned the Golf Fund \$200,000. The loan bears interest at 4% per annum, with annual principal and interest due through December 31, 2019. Proceeds from the loan were used to start up the Golf Pro Shop operation.

In 2017, the Arts and Culture Fund loaned the Water Fund \$2,515,000. The loan bears interest at 2.33% per annum, with annual principal and interest due through December 31, 2027. Proceeds from the loan were used to acquire two parcels in Woody Creek for water storage rights.

In 2020, the Arts and Culture Fund loaned the General Fund \$3,500,000. The loan bears interest at 0.92% per annum, with annual principal and interest due through December 31, 2030. Proceeds from the loan were used to distribute the financial burden of the economic recovery from the devastation caused by COVID-19 over time and avoid any significant impact to the General Fund in the short term.

Total Business-Type Activities	\$ 4,259,709	\$ 4,795,797

Differences between capital outlay expenditures and capital asset additions relate to expenditures that are less than the City's \$5,000 capitalization threshold.

The City has entered into capital leases for the acquisition of infrastructure and improvements of \$441,449.

G. Long-term Debt – Governmental Activities

The City has the following long-term debt outstanding for governmental activities:

1. Taxable Certificates of Participation, Series 2007A

The City issued \$8,405,000 of Taxable Certificates of Participation dated February 1, 2007. Proceeds were used for the purpose of acquiring, renovating, and upgrading certain condominium units within the Isis Theater building. The interest rates on the Series 2007A Taxable Certificates range from 5.27% to 5.96% and are payable on March 1 and September 1 through 2037.

The Series 2007A Taxable Certificates are payable solely from 1) annually appropriated base rentals; 2) moneys held by the Trustee in the Certificate Fund, the Reserve Fund, the Capital reserve Fund, and the Acquisitions and Construction Fund created under the Indenture; and 3) following an Event of Nonappropriation or an Event of Default under the Lease, any moneys received by the Trustee from the sale or sublease of the Leased Property or the exercise of other remedies under the Lease and the Indenture.

The Series 2007A Taxable Certificates maturing on or after March 1, 2017 are subject to redemption prior to maturity at the option of the City, on March 1, 2017, and on any date thereafter, at par plus accrued interest to the redemption date, with no redemption premium. The Series 2007A Taxable Certificates were fully refunded in 2020, see note IV.G. 10.

2. Parks and Open Space Sales Tax Revenue Refunding Bonds, Series 2009

The City issued \$7,070,000 of Sales Tax Refunding Bonds (the 2009 Bonds) dated December 15, 2009. Proceeds from the 2009 Bonds were used to advance refund a portion of the City's Sales Tax Revenue Bonds, Series 2001. The Series 2001 Bonds refunded mature in the years 2012 through 2021. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$561,317. This amount is presented as a deferred outflow of resources and is amortized over the remaining life of the refunded debt.

The interest rates on the 2009 Bonds range from 2% to 4% and are payable on May 1 and November 1 through 2021.

The 2009 Bonds are special, limited obligations of the City, payable from and secured solely by the revenues derived from the City's 1.5% Parks and Open Space Sales Tax, after deduction of the reasonable and necessary costs and expenses of collecting and enforcing the tax.

The 2009 Bonds are not subject to redemption prior to their respective maturity dates.

3. Parks and Open Space Sales Tax Revenue Improvement Bonds, Series 2012

The City issued \$5,225,000 of Sales Tax Revenue Bonds (the 2012 Bonds) dated October 1, 2012. The proceeds of this issue will be used to purchase and improve trail, recreation and open space properties, and ancillary facilities. The interest rates on the 2012 Bonds range from 2.75% to 3% and are payable on May 1 and November 1 through 2032.

The 2012 Bonds are special, limited obligations of the City, payable from and secured solely by the revenues derived from the City's 1.5% Parks and Open Space Sales Tax, after deduction of the reasonable and necessary costs and expenses of collecting and enforcing the tax.

The 2012 Bonds are not subject to redemption prior to their respective maturity dates.

4. Parks and Open Space Sales Tax Revenue Refunding Bonds, Series 2012

The City issued \$4,160,000 of Sales Tax Revenue Refunding Bonds (the 2012 Refunding Bonds) dated October 1, 2012. Proceeds from the 2012 Refunding Bonds were used to advance refund a portion of the City's Sales Tax Revenue Bonds, Series 2005B. The Series 2005B Bonds being refunded mature in the years 2019 through 2022. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$558,294. This amount is presented as a deferred outflow of resources and is amortized over the remaining life of the refunded debt.

The interest rates on the 2012 Refunding Bonds range from 2% to 4% and are payable on May 1 and November 1 through 2022.

The 2012 Refunding Bonds are special, limited obligations of the City, payable from and secured solely by the revenues derived from the City's 1.5% Parks and Open Space Sales Tax, after deduction of the reasonable and necessary costs and expenses of collecting and enforcing the tax.

The 2012 Refunding Bonds are not subject to redemption prior to their respective maturity dates.

5. Parks and Open Space Sales Tax Revenue Refunding Bonds, Series 2013

The City issued \$8,295,000 of Sales Tax Revenue Refunding Bonds (the 2013 Bonds) dated January 3, 2013. Proceeds from the 2013 Bonds were used to advance refund a portion of the City's Sales Tax Revenue Bonds, Series 2005B. The Series 2005B Bonds being refunded, mature in the years 2022 through 2025. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the government activities column of the Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$1,272,702. This amount is presented as a deferred outflow of resources and is amortized over the remaining life of the refunded debt.

The interest rates on the 2013 Bonds range from 2.25% to 4% and are payable on May 1 and November 1 through 2025.

The 2013 Bonds are special, limited obligations of the City, payable from and secured solely by the revenues derived from the City's 1.5% Parks and Open Space Sales Tax, after deduction of the reasonable and necessary costs and expenses of collecting and enforcing the tax.

The 2013 Bonds are not subject to redemption prior to their respective maturity dates.

6. Parks and Open Space Sales Tax Revenue Improvement Bonds, Series 2014

The City issued \$4,085,000 of Sales Tax Revenue Bonds (the 2014 Bonds) dated November 6, 2014. The proceeds of this issue will be used to purchase and improve trail, recreation and open space properties, and ancillary facilities. The interest rates on the 2014 Bonds range from 2% to 4% and are payable on May 1 and November 1 through 2025.

The 2014 Bonds are special, limited obligations of the City, payable from and secured solely by the revenues derived from the City's 1.5% Parks and Open Space Sales Tax, after deduction of the reasonable and necessary costs and expenses of collecting and enforcing the tax.

The 2014 Bonds are not subject to redemption prior to their respective maturity dates.

7. Parks and Open Space Sales Tax Revenue Refunding Bonds, Series 2014

The City issued \$1,270,000 of Sales Tax Revenue Refunding Bonds (the 2014 Refunding Bonds) dated November 6, 2014. Proceeds from the 2014 Refunding Bonds were used to advance refund a portion of the City's Sales Tax Revenue Bonds, Series 2005B. The Series 2005B Bonds being refunded mature in the years 2016 through 2018 and 2022. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$65,511. This amount is presented as a deferred outflow of resources and is amortized over the remaining life of the refunded debt. The advance refunding was undertaken to reduce total debt service payments by \$202,136 and resulted in an economic gain of \$183,955. The interest rates on the 2014 Refunding Bonds range from 2% to 4% and are payable on May 1 and November 1 2015 through 2022.

The 2014 Refunding Bonds are special, limited obligations of the City, payable from and secured solely by the revenues derived from the City's 1.5% Parks and Open Space Sales Tax, after deduction of the reasonable and necessary costs and expenses of collecting and enforcing the tax.

The 2014 Refunding Bonds are not subject to redemption prior to their respective maturity dates.

Proceeds were used for the purpose of financing the costs of constructing a police facility and related improvements for the City. The interest rates on the Series 2017 Certificates range from 2% to 5% and are payable on June 1 and December 1 through 2046.

The Series 2017 Certificates are payable solely from 1) annually appropriated base rentals; 2) moneys held by the Trustee under the Indenture; and 3) following an Event of Nonappropriation or an Event of Default under the Lease, any moneys received by the Trustee from the sale or sublease of the Leased Property or the exercise of other remedies under the Site Lease and the Indenture.

The Series 2017 Certificates maturing on or after December 1, 2028 are subject to redemption prior to maturity at the option of the City, on December 1, 2028, and on any date thereafter, at par plus accrued interest to the redemption date, with no redemption premium.

9. Certificates of Participation, Series 2019

The City issued \$25,300,000 of Certificates of Participation dated May 29, 2019. Proceeds were used to finance a portion of the costs of constructing and equipping a new City Administration Facility and related improvements for the City. The interest rates on the Series 2019 Certificates range from 3% to 5% and are payable on June 1 and December 1 through 2048.

The Series 2019 Certificates are payable solely from 1) annually appropriated base rentals; 2) moneys held by the Trustee under the Indenture; and 3) following an Event of Nonappropriation or an Event of Default under the Lease, any moneys received by the Trustee from the sale or sublease of the Leased Property or the exercise of other remedies under the Site Lease and the Indenture.

The Series 2019 Certificates maturing on or after December 1, 2030 are subject to redemption prior to maturity at the option of the City, on December 1, 2028, and on any date thereafter, at par plus accrued interest to the redemption date, with no redemption premium.

10. Certificates of Participation, Series 2020

The City issued \$2,127,000 of Certificates of Participation dated October 23, 2020. Proceeds were used to advance refund the City's Series 2007A Taxable Certificates. The interest rates on the Series 2020 Certificates range from 2.89% to 3.51% and are payable on March 1 and September 1 through 2037. The refunding was undertaken to reduce the total debt service payments and resulted in an economic gain of \$404,218.

G. Long-term Debt – Governmental Activities (continued)

11. Capital Lease

The government entered into a lease agreement as a lessee for financing a series of governmental energy efficiency improvements projects. This lease agreement qualifies as a capital lease for accounting purposes and therefore has been recorded at the present value of the futures minimum lease payments as of the inception date.

The future minimum lease obligations and the net present value of the minimum lease payments as of December 31, 2021, were as follows:

Year Ended December 31	Governmental Activities
2022	\$ 12,231
Total minimum lease payments	12,231
Less: amount representing interest	(146)
Total Governmental Activities	\$ 12,085

H. Long-term Debt – Business-type Activities

The City has the following long-term debt outstanding for business-type activities:

1. General Obligation Housing Refunding Bonds, Series 2009

The City issued \$6,005,000 of General Obligation Refunding Bonds dated December 15, 2009. Proceeds from the Series 2009 Bonds were used to advance refund a portion of the City's General Obligation Housing Bonds, Series 2001A. The Series 2001A Bonds refunded mature in the years 2012 through 2021. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the business-type activities column of the Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$499,255. This amount is presented as a deferred outflow of resources and is amortized over the remaining life of the refunded debt. The advance refunding was undertaken to reduce the total debt service payments by \$440,292 and resulted in an economic gain of \$342,561. The interest rates on the Series 2009 Bonds range from 2% to 4% and are payable semiannually on June 1 and December 1 through December 2021.

The Series 2009 Bonds are general obligations of the City, payable from the operation of the City's Truscott Housing Fund and, to the extent such fees are not sufficient, from ad valorem property taxes.

The Series 2009 Bonds are not subject to redemption prior to their respective maturity dates.

H. Long-term Debt – Business-type Activities (continued)

2. 2019 Golf Lease

On June 10, 2019, the City entered into a lease in the amount of \$259,663. Proceeds were used to obtain utility vehicles and mowers. The loan bears interest at a fixed rate of 4.11% per annum. Interest and principal payments are due and payable annually, commencing December 1, 2019.

As of December 31, 2021, the outstanding principal balance was \$106,949.

3. General Obligation Electric Utility Refunding Loan, Series 2019

On February 28, 2019, the City entered into a loan agreement in the amount of \$2,150,000. Proceeds were used to refund the General Obligation Electric Utility Bonds, Series 2008. The loan bears interest at a fixed rate equal to 2.90% per annum. Interest payments on the loan are due and payable semi-annually commencing June 1, 2019 and principal payments are due and payable annually, commencing December 1, 2019.

As of December 31, 2021, the outstanding principal balance was \$1,245,000.

4. Note Payable - CHFA

On May 24, 2018, CHFA provided permanent financing to the ACI in the form of a first mortgage note in the amount of \$2,600,000. The note is endorsed for mortgage insurance by the U.S. Department of Housing and Urban Development ("HUD") under Section 542(c) of the Housing and Community Development Act of 1992 (the "Risk Share Program"). The note is secured by a single, first and prior deed of trust, security agreement and assignment of rents and leases, and an assignment of ACI's rights, title and interest on the real property, personal property and all other assets secured by the deed of trust. The note bears interest at the rate of 4.40% and has a term of 40 years. Monthly payments of principal and interest are required in installments of \$11,522. As of December 31, 2021, the outstanding principal balance and accrued interest thereon was \$2,409,633 and \$9,203, respectively. For the year ended December 31, 2021, \$110,987 of interest was incurred.

5. Note Payable - ACI

Aspen Country Inn I, L.P. is providing construction and permanent financing in the maximum amount of \$3,855,930 in the form of a note dated September 20, 2016 (the "Seller Loan"). Pursuant to an Allonge and Assignment agreement dated September 20, 2016, all rights, title and interest in the Seller Loan was assigned to the City of Aspen, Colorado. The note is secured by a deed of trust lien on the Project.

The note bears interest at 2.25% compounded annually and matures on December 31, 2058, at which time the outstanding interest and principal balance is due. Annual payments of principal and interest are due from available cash flow and capital proceeds available for distribution from a capital event as defined in the Partnership Agreement. The note may be prepaid partially or in full at any time without premium or penalty and without the prior consent of the Lender. As of December 31, 2021, the outstanding principal balance and accrued interest thereon was \$3,855,930 and \$480,962, respectively. For the year ended December 31, 2021, \$95,433 of interest was incurred.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

IV. Detailed Notes on All Funds (continued)

H. Long-term Debt – Business-type Activities (continued)

5. Note Payable - ACI (continued)

The City provided permanent financing in the maximum amount of \$2,582,197 in the form of a note dated September 20, 2016 (the "City Loan"). The note is secured by a deed of trust lien on the Project. The note does not bear interest and matures on June 1, 2059, at which time the outstanding principal balance is due. Annual payments of principal are due from available cash flow and capital proceeds available for distribution from a capital event as defined in the Partnership Agreement. The note may be prepaid partially or in full at any time without premium or penalty and without the prior consent of the Lender. On May 24, 2018, the loan was funded. As of December 31, 2021, the outstanding principal balance was \$2,582,197.

I. Long-term Debt – Refunded Bonds

In prior years, the City defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. The bonds intended to be refunded by the refunding issues remain a contingent liability of the City until retired; however, they are not included for the purposes of calculating debt limitations by the City. The amount of debt considered defeased cannot be readily determined as of December 31, 2021.

J. Long-term Debt – Legal Debt Limits

The City is subject to a legal debt limit for general obligation bonds of 20% of assessed value of real property. In 2021, the City's legal debt limit was \$367,876,998. Additionally, authorized but unissued sales tax debt is \$3,010,000 at December 31, 2021.

K. Long-term Liabilities – Compensated Absences

All regular employees are granted paid time off and extended sick leave. Employees accrue paid time off and extended sick leave according to the following schedule:

	<u>Years of Service</u>	<u>Paid Time Off - Per 80 Hour Pay Period</u>	<u>Extended Sick Leave - Per 80 Hour Pay Period</u>
Regular employees	Up to 5 Years	6.77 hours	1.54 hours
Regular employees	After 5 Years	8.62 hours	1.54 hours
Police officers	Up to 5 Years	9.24 hours	1.54 hours
Police officers	After 5 Years	11.08 hours	1.54 hours
Maximum accrual paid out			
– Regular employees		328 hours	240 hours
Maximum accrual paid out			
– Police officers		464 hours	240 hours

Upon termination, an employee is paid 100% of the accrued paid time off up to the maximum accrual from the fund that paid the employee's salary. Accrued extended sick leave is paid at the ratio of one hour paid for three hours accrued and the accrual is limited to 720 hours, for a maximum payout of 240 hours. In accordance with GAAP, the City's approximate liability, for paid time off and extended sick leave earned by employees at December 31, 2021, has been reflected in the proprietary type fund financial statements and in the governmental activities column of the government-wide financial statements. Each governmental funds' liability for compensated absences, including liabilities reported in the internal service funds, is liquidated by the respective fund.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

IV. Detailed Notes on All Funds (continued)

L. Long-term Debt – Debt Requirements

The City is compliant in ongoing disclosure requirements to the secondary bond market in accordance with the Securities and Exchange Commission's Rule 15c2-12.

M. Long-term Debt – Retirement Bonus

An employee that meets the rule of 80, attaining any combination of age and years of service totaling 80, and reaches age 55, and completes at least 15 years of continuous service is eligible for retirement. Eligible employees are entitled to a certain number of months of pay, depending on the year in which they become eligible. The retirement bonus liability for all eligible employees is recorded in the proprietary type fund financial statements and in the government-wide financial statements, as a component of compensated absences under non-current liabilities. During the year ended December 31, 2021, the City paid \$201,804 for retirement bonuses. The program is being phased out and any active employee reaching the rule of 80 after 2016 is no longer eligible to receive this bonus.

N. Total Other Post-Employment Benefits

Plan Description

The City operates and administers a single employer Other Post Employment Defined Benefit plan (OPEB). The plan is closed to new entrants. Certain employees who had retired from the City were eligible to receive group sponsored medical and dental coverage for life, provided they were not employed with a different employer that offers the option to elect medical coverage. Upon reaching age 65, Medicare automatically becomes the primary medical coverage and the City coverage becomes secondary. The City is not obligated via trust or other agreement and no assets have been accumulated to pay for this benefit, however, a liability has been included in the City's financial statements based upon the City's intention to continue paying grandfathered benefit costs.

Membership

At December 31, 2021, membership consisted of the following:

Retirees and Beneficiaries Currently Receiving Benefits	13
Terminated Employees Entitled to Benefits but not yet receiving them	-
Active Employees	-
Total	<u>13</u>
Participating Employers	1

Benefits Provided

The City provides group sponsored medical and dental coverage for grandfathered beneficiaries the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental care; vision care; dental care and prescriptions. City Council has the authority to amend any benefit payments as deemed necessary.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

IV. Detailed Notes on All Funds (continued)

N. Other Post-Employment Benefits (continued)

Actuarial Methods and Assumptions

The City's total OPEB liability at December 31, 2021 was \$873,128. As allowed by GASB 75 [P224 – 225], the City has elected to forgo preparation of an actuarial analysis of the benefit program due to the small remaining number of participants and immaterial impact on the City. Costs are considered due monthly as the health insurance premiums are paid. Assumptions are applied to all periods included in the measurement, unless otherwise specified:

- *Discount rate:* The discount rate applied is 4.0%.
- *Mortality:* Expectancies are based on mortality tables at the National Center for Health Statistics website (www.cdc.gov).
- *Healthcare cost trend rate:* The expected rates of increase in healthcare costs is based on historical projections of the City and provides for an 8.0% health care cost escalation rate.
- *Health insurance premiums:* Because the terms of the plan provide a portion of the cost of group sponsored medical and dental coverage for retired participants and premiums are assessed separately for the retiree group, the amount of past historical costs has been used as a basis for calculating the present value of projected benefit payments.
- *Other economic assumptions:* The expected long-term inflation assumption is 4.0%.

The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in the accrued liabilities, consistent with the long-term perspective of the calculations. They estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Amounts determined regarding the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The actuarial variations include three retirees that became inactive members of the plan during 2021.

Funding Policy and Contributions

The City has not funded based upon the actuarial calculations but operates as a pay as you go plan. Cash flows into the plan equal the premiums costs for every year of the benefit being in place. During the fiscal year ended December 31, 2021, the City contributed \$35,797 towards benefits.

Total OPEB Liability

The components of the total OPEB liability of the City at December 31, 2021, were as follows:

Total OPEB Liability	\$873,128
Plan fiduciary net position as a percentage of the total OPEB liability	0%
Covered employee payroll	\$0
Net OPEB liability as a percentage of covered employee payroll	N/A

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

IV. Detailed Notes on All Funds (continued)

N. Other Post-Employment Benefits (continued)

Discount Rate

The discount rate used to measure the total OPEB liability was 4.0 percent. The projection of cash flows used to determine the discount rate assumed that the City contributions will be made at rates equal to the projected benefit costs.

Changes in the Net OPEB Liability

Balance at 12/31/2020	\$ 2,578,615
Changes for the year:	
Changes in assumptions	-
Differences between expected and actual experience	(1,705,487)
Employer contributions	35,797
Benefit payments	(35,797)
Net Changes	<u>(1,705,487)</u>
Balance at 12/31/2021	<u><u>\$ 873,128</u></u>

Sensitivity of the Net OPEB Liability to changes in the Discount Rate

The following presents the total OPEB liability calculated using the healthcare cost trend rate of 8 percent, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

1% lower - 7%	Current rate - 8%	1% higher - 9%
\$ 832,923	\$ 873,128	\$ 916,274

The following presents the total OPEB liability calculated using the discount rate of 4 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

1% lower - 3%	Current rate - 4%	1% higher - 5%
\$ 918,448	\$ 873,128	\$ 831,815

IV. Detailed Notes on All Funds (continued)

O. Long-term Liabilities – Activity and Debt Service Schedules (continued)

For governmental activities, claims and judgments are generally liquidated by the General Fund. Compensated absences are liquidated by the fund that paid the salaries. Each governmental funds' liability for other post-employment benefits, including liabilities reported in the internal service funds, is liquidated by the respective fund. Debt service requirements at December 31, 2021, were as follows:

	Principal	Interest	Total
Governmental Activities:			
2022	\$ 3,482,085	\$ 2,667,308	\$ 6,149,393
2023	3,677,000	2,543,559	6,220,559

P. Burlingame Housing, Inc. – Multifamily Housing Project Revenue Refunding Bonds, Series 2015

On November 12, 2015, \$5,930,000 of Multifamily Housing Project Revenue Refunding Bonds, Series 2015 were issued by the City (cc.ord.039-15) on behalf of Burlingame Housing, Inc. ("Burlingame") to advance refund Burlingame's Multifamily Housing Project Revenue Refunding Bonds, Series 2005 (see Note IV.Q.). The 2015 Bonds do not constitute debt or indebtedness of multiple fiscal year financial obligations of the City. The bonds maturing on or after November 1, 2016 are not subject to redemption prior to maturity. The reacquisition price exceeded the net carrying amount of the old debt by \$413,815. This amount is presented as a deferred outflow of resources and is amortized over the remaining life of the refunded debt. The advance refunding was undertaken to reduce total debt service payments by \$860,986 and resulted in an economic gain of \$727,567.

Principal and interest payment dates on the bonds are May 1 and November 1. Interest rates on this issue vary from 2.0% to 3.5%. In the event of default by Burlingame, the City is under no obligation for payments relating to this issue.

IV. Detailed Notes on All Funds (continued)

Q. Burlingame Housing, Inc. – Multifamily Housing Project Revenue Refunding Bonds, Series 2005

On May 11, 2005, \$8,930,000 of Multifamily Housing Project Revenue Refunding Bonds, Series 2005 were issued by the City on behalf of Burlingame to advance refund Burlingame's Multifamily Housing Project Revenue Bonds, Series 1999A. An Amended and Restated Mortgage and Indenture of Trust was entered into, as of May 1, 2005, by the City, Burlingame, and American National Bank, (the "Trustee") to advance refund all of the outstanding Series 1999A bonds, originally issued for the development and operation of the Burlingame Housing Project. The 2005 Bonds do not constitute debt or indebtedness of multiple fiscal year financial obligations of the City. The bonds maturing on or after November 1, 2020 are subject to redemption prior to maturity, in whole or in part, at the option of Burlingame. Principal and interest payment dates on the bonds are May 1 and November 1. Interest rates on this issue vary from 2.75% to 3.75%. In the event of default by Burlingame, the City is under no obligation for payments relating to this issue.

R. Burlingame Housing, Inc. – Multifamily Housing Project Revenue Bonds, Series 1999B & 1999C

On December 21, 1999, Burlingame issued Multifamily Housing Project Revenue Bonds, Series 1999B and 1999C in the aggregate principal amount of \$3,345,000 to finance the acquisition and construction of the housing project. The bonds do not constitute debt or indebtedness of multiple fiscal year financial obligations of the City. Upon complete defeasance of the Series 2005 bonds, the 1999B and 1999C bonds can be redeemed at a price equal to the principal. The bonds are non-interest bearing. The City currently holds the 1999B Bonds which are shown as a long-term receivable on the City's financial statements.

S. Burlingame Housing, Inc. – Long Term Liabilities Debt Schedule

Debt service requirements at September 30, 2021, were as follows:

V. Detailed Notes on All Funds

A. Deferred Compensation and Pension Plans

1. Employee Deferred Compensation Plans

The City has contracted for the administration of four deferred compensation plans created in accordance with Internal Revenue Code Section 457. The Plan assets are invested with the Equitable Life Assurance Company of the United States (PEDC), Great West Life, International City Management Association Retirement Corporation (ICMARC), and Nationwide Retirement Services. The PEDC, Great West Life, and Nationwide plans have been closed to new employees.

The City has also contracted for the administration of three pension plans in accordance with Internal Revenue Code 401(a) plan. The plan assets are invested with Nationwide Retirement Services and ICMARC, which administers a 401(a) plan for regular employees and a separate 401(a) plan for Police officers.

Contributions to these plans are accounted for in the respective fund where the employee's salary is recorded. The City has a mandatory contribution to the regular employee pension plan, irrespective of a regular employee's participation, equal to 6% of the regular employee's salary for the first five years of employment, 7% for the next five years and 8% per year thereafter. The City's contributions, including interest allocation, for each regular employee hired on or after January 1, 2009 are fully vested after five years of continuous service. Vesting occurs at the rate of 20% per year of service. Upon an employee's separation of employment, all unvested City contributions and interest allocations are forfeited and are required to be used to reduce future City contributions to the plan. The City's contributions for each regular employee hired prior to January 1, 2009 are fully vested upon the employee's start date. The total amount of forfeitures for 2021 was \$76,159. Regular employees can elect to contribute their own deductions to the deferred compensation plan with a combined limit of \$19,500 for 2021. The City also makes a mandatory contribution to a deferred compensation plan for police officers, which is equal to 2.2% of their salary. The assets of the plans are not available to general creditors of the City. The City Council has the authority to change the contributions. For the year ended December 31, 2021, employer plan contributions for both regular employees and police officers totaled \$1,854,626 and employee plan contributions totaled \$2,384,668.

2. Police Pension Plan

The City provides pension benefits for full-time police officers through a defined contribution plan contracted and administered through ICMARC. This plan falls under the definition of a Section 401(a) money purchase plan by the Internal Revenue Service. The police department joined the ICMARC plan on January 1, 1985. Police officers are required to join the plan. Under the plan, the City contributes 10% of the police officer's salary and the police officer must contribute a minimum of 9% of their annual earnings. After five years of employment, the City contributes 11% and after ten years of employment, the City contributes 12% of the police officer's salary. The combined contribution cannot exceed 21% of the officer's annual earnings. The City's contributions, including interest allocation, for each police officer are fully vested after five years of continuous service. Vesting occurs at the rate of 20% per year of service. Upon an officer's separation of employment, all unvested City contributions and interest allocations are forfeited and are required to be used to reduce future City contributions to the plan. The total amount of forfeitures for 2021 was \$0. The assets of the plan are not available to general creditors of the City. The City Council has the authority to establish contribution requirements and other provisions.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

V. Detailed Notes on All Funds (continued)

A. Deferred Compensation and Pension Plans (continued)

2. Police Pension Plan (continued)

The deferred compensation and pension plans are not available to employees until termination, retirement, death, or unforeseeable emergency. As of December 31, 2021, there were no unfunded deferred compensation or pension funds due to any deferred compensation or pension plans. The City's fiduciary responsibility is limited to acting as an agent for the transfer of assets to ICMARC, Nationwide Retirement Services, PEDC, and Great West Life. The ICMARC, Nationwide Retirement Services, PEDC, and Great West Life are responsible for the investment of the funds as directed by the Plan participants.

For the year ended December 31, 2021, the total covered payroll for both the City employee deferred compensation plan and the police pension plan was \$25,303,128. The City's total payroll was \$27,655,193.

3. Section 125 Plan

The City offers its employees a compensation plan organized under Internal Revenue Code Section 125. This plan includes benefits for dependent care and health expense reimbursement. Because the plan is a salary reduction plan, no cost to the City is recognized.

4. FPPA Death and Disability Plan

Plan Description – The Statewide Death and Disability Plan ("SWDD") is a cost-sharing multiple-employer defined benefit death and disability plan covering full-time employees of substantially all fire and police departments in Colorado. As of August 5, 2003, the SWDD may include part-time police and fire employees. Contributions to the SWDD are used solely for the payment of death and disability benefits. Employers who are covered by Social Security may elect supplementary coverage by the SWDD. As of January 1, 2020, Colorado police and sheriff departments who participate in Social Security have the option of affiliating for coverage under the Defined Benefit System and the SWDD. The SWDD was established in 1980 pursuant to Colorado Revised Statutes and currently has 268 participating employer departments. Included in that number are 7 contributing employers as of December 31, 2021, who are covered by Social Security and have elected supplementary coverage by the SWDD plan. The SWDD plan assets are included in the Fire & Police Members' Benefit Investment Fund Long-Term Pool. The Long-Term Pool is designed primarily for open plans with a longer time horizon, higher risk tolerance, and lower liquidity needs. The investment return assumption is 7.0%.

SWDD benefits provide 24-hour coverage, both on- and off-duty and are available for members not eligible for normal retirement under a defined benefit plan, or members who have not met 25 years of accumulated service and age 55 under a money purchase plan.

In the case of an on-duty death, benefits may be payable to the surviving spouse or dependent children of active members who were eligible to retire, but were still working. Death and disability benefits are free from state and federal taxes in the event that a member's disability is determined to be the result of an on-duty injury or an occupational disease.

Contributions – Prior to 1997, the SWDD was primarily funded by the State of Colorado (the "State"), whose contributions were established by Colorado statute. In 1997 the State made a one-time contribution of \$39,000,000 to fund past and future service costs for all firefighters and police officers hired prior to January 1, 1997.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

V. Detailed Notes on All Funds (continued)

A. Deferred Compensation and Pension Plans (continued)

4. FPPA Death and Disability Plan (continued)

Members hired on or after January 1, 1997, began contributing 2.4% of base salary to the SWDD. Through December 31, 2020, contributions could be increased 0.1% biennially by the FPPA Board. The contribution rate increased to 2.8% of base salary as of January 1, 2019. Effective January 1, 2021, the contribution rate increased to 3% of base salary and may be increased 0.2% annually by the FPPA Board. This percentage can vary depending on actuarial experience. All contributions are made by members or on behalf of members. The 2.8 percent contribution may be paid entirely by the City or member, or it may be split between the City and the member as determined at the local level. The City paid \$58,259 on-behalf of members to the SWDD at December 31, 2021.

FPPA issues a publicly available annual comprehensive financial report which includes additional information on the Statewide Death and Disability Plan. That report can be obtained at <https://www.fppaco.org/annual-reports.html>.

B. Risk Management

The City is exposed to various risks of loss related to workers' compensation, general liability, unemployment, torts, theft of, damage to, and destruction of assets, and errors and omissions. The City carries commercial coverage for these risks and claims and does not expect claims to exceed their coverage.

1. Colorado Intergovernmental Risk Sharing Agency (CIRSA)

The Colorado Intergovernmental Risk Sharing Agency (CIRSA) was formed by an intergovernmental agreement by member public entities pursuant to state statutes.

The purpose of CIRSA is to provide members defined liability and property coverages and to assist members in the prevention and reduction of losses and injuries to municipal property and employees, or to other persons or property, which might result in claims being made against members of CIRSA, their employees or officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability or loss, to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverages at reasonable costs. All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members. The bylaws shall constitute the substance of the intergovernmental contract among the members.

CIRSA is governed by a Board of Directors, who are elected by the membership for two-year terms. All actions of the membership require a 2/3 majority vote of all the members present at a meeting. The scope, terms, conditions, and limitations of the coverages are governed by the applicable coverage policies and/or excess coverage policies, the CIRSA bylaws, and other applicable documents; the types and monetary limits of the coverages are generally described below.

The types of coverages include property, general liability, auto liability, law enforcement liability, public officials' errors and omissions liability, excess liability, crime coverage, and supplemental defense coverage. The 2021 CIRSA self-insured retentions are \$1,000,000 per claim for property, \$1,000,000 per claim for liability, and \$150,000 per claim for crime. There were no settled claims that exceeded insurance coverage in the year ended December 31, 2021.

City of Aspen, Colorado
Notes to the Financial Statements
December 31, 2021
(continued)

V. Detailed Notes on All Funds (continued)

B. Risk Management (continued)

1. Colorado Intergovernmental Risk Sharing Agency (CIRSA) (continued)

CIRSA carries excess insurance with limits of \$500,000,000 per claim for property, \$10,000,000 per claim for liability (except auto liability which is \$5,000,000 per claim), and \$5,000,000 per claim for crime. The City's deductible for all coverages is \$10,000 per claim except auto liability which is \$5,000 per claim.

City Council approves the City's continued membership in CIRSA via their annual review of the City's budget for the various departments and funds.

2. Commitments and Contingencies

Pending Litigation. The City is a party to various lawsuits which may result in future costs to the City. The office of the City Attorney reports numerous possible contingent liabilities, none of which in their opinion will result in a material loss to the City.

Construction Commitments. December 31, 2021, the City had various incomplete capital projects with remaining estimated costs of \$23,134,699.

C. Prior Period Adjustment

The beginning net position for Governmental Activities has been increased by a total of \$2,842,912 to reflect capital assets which were previously treated as buildings and depreciated, however, the capital assets were in fact land.

GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

Nonmajor Special Revenue Funds

The *Tourism/Regional Transportation Fund* accounts for a 2-cent lodging tax imposed to support tourism, marketing, and in-town transportation.

The *Aspen Public Education Special Revenue Fund* accounts for the collection and disbursement of a .3% sales tax for the benefit of the Aspen Education Foundation.

The *Renewable Energy Mitigation Program Fund* accounts for the collection and disbursement of a building permit fee assessed on certain high energy use installments.

The *Kids First/Daycare Fund* is funded from 55% of the City's 0.45% sales tax and accounts for the City's Kids First Child Care Department, which provides subsidized day care services for over 400 local children.

The *Stormwater Fund* accounts for revenues and expenditures related to a water quality improvement initiative.

The *Aspen Mini Storage Fund* accounts for revenues and expenditures related to operation of a storage facility that was purchased in anticipation of future redevelopment by the City.

CAPITAL PROJECT FUND

Major Capital Projects Fund

The *Asset Management Fund* accounts for capital improvements made to the City's physical assets.

DEBT SERVICE FUND

The *Debt Service Fund* accounts for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

* There are no assets accumulated in a trust. The City is not obligated via trust or other agreement to provide funding; however, a liability has been included based upon the City's intention to continue paying grandfathered costs. The City has elected to forgo preparation of an actuarial analysis of the benefit program due to the small remaining number of participants and immaterial impact on the City in total.

City of Aspen, Colorado
Notes to Required Schedules for OPEB
December 31, 2021

Note: No assets have been accumulated for payment of OPEB liabilities. The City is not obligated via trust or other agreement and no assets have been accumulated to pay for this benefit.

As allowed by GASB 75 [P224 – 225], the City has elected to forgo preparation of an actuarial analysis of the benefit program due to the small remaining number of participants and immaterial impact on the City. Actuarially determined contribution rates are calculated as of December 31, 2021. Methods and assumptions used to determine the total OPEB liability:

Discount rate: The discount rate applied is 4.0%.

Mortality: Expectancies are based on mortality tables at the National Center for Health Statistics website (www.cdc.gov).

Healthcare cost trend rate: The expected rates of increase in healthcare costs is based on historical projections of the City and provides for an 8.0% health care cost escalation rate.

Health insurance premiums: Because the terms of the plan provide a portion of the cost of group sponsored medical and dental coverage for retired participants and premiums are assessed separately for the retiree group, the amount of past historical costs has been used as a basis for calculating the present value of projected benefit payments.

Other economic assumptions: The expected long-term inflation assumption is 4.0%.

Changes in Assumptions:

In 2018, the City of Aspen implemented Governmental Accounting Standards Board (GASB), Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

2019:

- No changes

2020:

- Healthcare trend rates were reset to reflect updated cost increase expectations
- Medical per capita claims costs were updated to reflect recent experience

PROPRIETARY FUNDS

ENTERPRISE FUNDS

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the City is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

Major Enterprise Funds:

The *Water Fund* accounts for the activities of the water utility owned by the City for the delivery of water service to the residents of Aspen. The major sources of revenue are from water user fees, which are used for operations, and from tap fees, which are used for capital improvements and are charged to new or expanded water services in the City.

The *Electric Fund* accounts for activities of the electric utility and hydroelectric plants operated by the City for the delivery of electric service to a portion of the citizens of Aspen. The major source of revenue is electric service revenue, while purchased power is the major expense.

The *Truscott Place Housing Fund* accounts for the operations of Truscott Place affordable rental housing. The complex provides housing for employees of Pitkin County businesses.

The *Parking Fund* is used to account for all costs of in town and on street parking control and services and the operation and maintenance of the Rio Grande Parking Plaza.

The *ACI Affordable 1 LLLP Fund* accounts for the operations of Aspen Country Inn affordable rental housing. The complex provides housing for employees of Pitkin County businesses and retired Pitkin County residents.

Nonmajor Enterprise Funds:

The *Golf Course Fund* accounts for activities of the eighteen-hole golf course owned and operated by the City. The golf course is self-sufficient and funded solely from user fees.

The *Marolt Ranch Housing Fund* is used to account for another apartment complex owned by the City. This apartment complex is rented to seasonal workers during the winter and to Aspen Music School students during summer months.

The Si Johnson Ditch Company, Inc. was originated to operate the Si Johnson Ditch Company operation of the Si Johnson ditch.

Notes and Comments:			

STATISTICAL SECTION

This section of the City of Aspen's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial position.

Contents	Page
<u>Financial Trends</u>	
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	J1
<u>Revenue Capacity</u>	
These schedules contain information to help the reader assess the City's most significant local revenue sources; property tax, sales tax and real estate transfer tax.	J11
<u>Debt Capacity</u>	
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	J21
<u>Demographic and Economic Information</u>	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	J28
<u>Operating Information</u>	
These schedules contain service and capital asset data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	J30

¹ Property taxes levied on the valuation for the year indicated are collected in the following year.

² Actual value is reappraised biennially from sales that occurred in the 24 month period ending June 30 of the indicated valuation base year.

³ Residential property is assessed at the indicated assessment rate of actual value. All other property is assessed at 29% of actual value.

⁴ Residential property is valued at 100% of market value; all other property is valued considering the income, cost and market approaches to appraisal.

⁵ Per \$1,000 of assessed valuation.

¹ Includes, among other tax revenues, sales taxes, real estate transfer taxes, and property taxes.

² Charges for Services are those revenues derived from services provided that are deemed to be mission-related for each fund. Examples include, but are not limited to, fees for the use of recreational facilities, building permits and sprinkler fees.

³ The increase in Charges for Services in 2014 was primarily the result of \$8,777,482 in sales of affordable housing units at Burlingame Ranch Phase II.

⁴ General Fund Overhead charges were classified as a reimbursement (Other) rather than a Charge for Services starting in 2017.

City of Aspen, Colorado
Direct and Overlapping Governmental Activities Debt
As of December 31, 2021
(in thousands)

Overlapping Debt	Total General Obligation Debt Outstanding	Estimated Percentage Applicable¹	Estimated Share of Overlapping Debt
Aspen School District (Jun 30)	\$ 112,110	57.34%	\$ 64,279
Pitkin County (Dec 31)	33,044	49.61%	16,393
Total Overlapping Debt	<u>\$ 145,154</u>		<u>80,671</u>
City of Aspen Direct Debt			<u>66,834</u>
Total Direct and Overlapping Debt			<u>\$ 147,505</u>

¹ For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable assessed value that is within the City's boundaries and dividing it by each unit's total taxable assessed value.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Aspen. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and the businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Source: Assessed value data used to estimate applicable percentages provided by the Pitkin County Assessor. Debt outstanding provided by each governmental unit.
